

## AMERICAN SOLDIERS

Continued

the Germans have been shelling our trenches heavily. A number of Americans have been killed or wounded, one shell which dropped into a trench, causing several casualties. American artillerymen also have been belaboring the Germans strongly and it is believed their shells have claimed quite a few victims.

Austro-German attempts to cross the Piave have been foiled generally by the Italians and the army that crossed at Zenson has not been able to debouch. Several attempts have been made to cross the river between Zenson and the Adriatic, but only in the marshland on the coast have the Germans been able to make progress, where they have suffered heavy losses and it is improbable that any large number of Austro-Germans will be able to take advantage of the break, because of terrain conditions.

On the line from the Piave to Lake Garda, the Italians have retired between the river and the region north-east of Asiago, reducing the bulge in the Italian line. The Austro-German pressure here and around Asiago continues heavy. The invaders have gained some vantage points on the Asiago plateau and on Setti Comuni, west of Asiago. Another threat to the new Italian defense is noted in a strong German effort between Lake Garda and Lake Ledro. It was the first in this region, but was repulsed.

All the movable art treasures have been taken from Venice and the cities of Vicenza and Treviso also have been shorn of their works of art in view of possible Austro-German success in breaking the Piave line and forcing the Italians to retire to the Brenta or Adige.

Germany's submarine campaign apparently is losing its effectiveness as British losses during the past week were only one ship over 1000 tons and five under that weight. This was the poorest week the submarines have had since the beginning of ruthless warfare in February.

Although Petrograd has not been in communication with the Nystad cable station in Finland for several days, reports from Scandinavia persist that Premier Kerensky has gained control of the capital. Reports come also from Sweden that the Bolsheviks maintain their hold on Petrograd and are preparing for a stout resistance against the forces of Kerensky and General Korniloff and Kaledinski.

In Moscow the Bolsheviks apparently have been overpowered, an unofficial report received in Copenhagen being to the effect that Gen. Korniloff has taken the Kremlin, where the extremists were besieged several days ago. An other rumor says that Siberia has announced its independence and proclaimed former Emperor Nicholas as emperor.

Challenged in the British house of commons yesterday to explain his Paris speech on the needs for an inter-allied war council, Premier Lloyd George read the terms of the agreement, which, he declared, made it clear that the council was merely advisory.

Formal debate on the inter-allied council will begin in the house next Monday. Negotiations for the formation of a new French cabinet are proceeding.

## Two Steamers Sunk

AMSTERDAM, Nov. 15.—German newspapers announce that the Brazilian steamers Acary and Guanyba have been sunk by submarines.

## American Prisoners

AMSTERDAM, Nov. 15.—German illustrated papers, received here yesterday, reproduce photographs of "types" of the first Americans captured on the western front.

## Revolutionary Committee

STOCKHOLM, Nov. 15.—The revolutionary committee in Petrograd, according to a dispatch from Copenhagen, has taken measures for restricting the Russian capital. Arrangements have been ordered to continue their work without interruption.

## War Zone Refugees

ROME, Nov. 15.—Four hundred thousand refugees from the zone of the present military operations have reached the central and southern provinces. Maj. Grayson M. P. Murphy, head of the American Red Cross commission to Europe, is taking measures to contribute to their relief. Their principal requirements are woolen clothes, blankets and shoes, which cannot be purchased in some districts.

## Italian Art Treasures

GENEVA, Nov. 15.—The emperor and empress of Austria-Hungary are appealed to by the Journal De Geneve to save Italian art treasures in a petition which is circulating among art lovers in Switzerland for signature before forwarding to Vienna. The appeal describes the treasures as the common patrimony of civilized humanity. The damage to them, it says, would cause profound sadness in the whole world and bring unanimous reprobation.

## Belgian Communication

PARIS, Nov. 14.—The Belgian communication issued by the war office tonight says:

"Enemy aviators carried out a raid on the night of Nov. 13-14, and dropped a number of bombs on Audenkerke, Pannet and Pannes, causing a number of victims among the civilian population. North of Dixmude one of our detachments exploded a mine near the German lines."

## King of Saxony

AMSTERDAM, Nov. 14.—The king of Saxony in a speech from the throne at the opening of the Landtag promised bills for the reform of the upper and lower houses of the Saxon diet.

## Evacuation of Venice

VENICE, Nov. 14.—The evacuation of Venice is almost complete, this city having undergone the same treatment as Treviso and Vicenza, with the difference that here the evacuation was more numerous and of such colossal proportions that an army of workmen was required to transport them. The great pictures, carvings, iron stoves and bronze and similar art treasures were transported easily, being removed at the beginning of the war.

The present removal of art treasures included the heaviest works which up to this time had been protected by sand bags or hid in cellars. The most important was the Bartolomeo Colonn monument, the last work of Andrea Verrochio, the master of Leonardo da Vinci. The four colossal bronze horses from the Basilica of St. Mark also were removed.

## American Casualties

OTTAWA, Ont., Nov. 15.—The following American casualties with the Canadian forces in France were reported today:

Wounded—Private J. Dexter, Brockton, Mass.; A. R. McDonald, Buxbury, Mass.; E. L. Cogswell, East Greenwich, Me.; A. McDonald, Malden, Mass.

## In Northern Italy

BERLIN, Nov. 15, via London.—German reports of the mountain front in northern Italy are almost the same as the south from Fonzaso and Feltri, says today's official communication.

## American Flag First

ST. JOHN, N. B., Nov. 16.—A small American flag was first over the top of Vinny ridge in the famous charge of Canadian forces, according to J. J. Allen of this city, home today with wounded troops from the capture. When the order to charge was given Allen said he pinned the Stars and Stripes to his coat and kept them there. He was wounded three times in the day's fighting, but saved the flag.

## HARRY W. J. HOWE DIES AFTER BRIEF ILLNESS

Harry W. J. Howe, well known in business circles and as a member of the waterways commission, died yesterday afternoon at his home, 45 North Main street, after an illness of short duration, due to nervous breakdown. Mr. Howe was a very active man, interested in the welfare of the public and to him was due much of the credit for the manner in which the canals, rivers and brooks within the confines of Lowell are protected so that children will not lose their lives. He was also instrumental in the selection of

THE LATE HARRY W. J. HOWE

the swimming pool on the boulevard side of the Merrimack river.

The deceased was the son of Alfred and Georgianna Howe, the former for many years a well known real estate man. Harry W. J. Howe was born in Vermont about 45 years ago and after receiving his education in the Lawrence school secured employment as a trainman on the Boston & Maine railroad, after which he entered business with his father. He later engaged in the real estate business. Mr. Howe was appointed a member of the waterways commission when organized and took deep interest in the work. Few years ago he consulted a list of all the drownings in the local waterways so far as recorded in the local press. It amounted nearly to a thousand names. Mr. Howe was a man of the most humane and kindly instincts. The death of a child by drowning in the rivers or canals seemed to affect him so deeply that he went to the scene and actually took charge of the work of recovering the body. Then he would make the occurrence the subject of a fresh appeal for better protection against such accidents.

The deceased is survived by his mother, Mrs. Georgianna Howe, and two sisters, Mrs. Norman L. Peavey of Nashua, and Mrs. Eugene Hodge of Lowell.

## ORDER OF MOOSE HEAR JAMES F. MISKELLA

A well attended and enthusiastic meeting of Lowell lodge, Order of Moose, was held last night in Odd Fellows building. Dictator John E. MacCallister presiding. A large number of applications for membership were received and referred to the organization committee. The latter committee reported that everything is in readiness for the monster class initiation which is to be held on Sunday afternoon, Dec. 3.

At the conclusion of the business meeting a smoker was held and a musical and literary program was carried out. James F. Miskella gave an interesting address on fraternalism. He spoke in part as follows:

"Permit me, my brothers, to offer my sincere congratulations to the officers who labor for the success of the lodge, and to the members who have gathered here tonight at the call of the lodge."

"It must be a source of satisfaction and pleasure for the pioneers of the organization to contemplate its wonderful growth and power among the fraternal organizations of this country. The tremendous growth of the order in this country has attracted attention from all thoughtful men, who look to the future and wish to protect themselves and their families."

"Ten years ago this society consisted of two lodges and its entire membership was about 250 members. Today our order consists of 1650 lodges and our membership more than 650,000. The treasury of the order of ten years ago was very low. Today the supreme and subordinate lodges have assets in excess of \$10,000,000. The order has paid in sick and funeral benefits more than \$12,000,000. The order has given to special relief when called on more than \$500,000. The order has prospered beyond the expectations of its founders, materially and numerically. It has gained the confidence of its officers, its members and the general public."

"The influence of such an organization as the Moose and kindred associations must be of value to any community. To be affiliated with such an organization has a wholesome effect and makes for a more self-reliant citizenship and a happier home."

## ARMOUR & CO. HOLDS FORMAL OPENING

Armour & Co. held the formal opening yesterday afternoon of the remodelled branch house at 2 Thorndike street. The business men of this city, particularly those in the trade, attended as guests of Mr. W. A. Kierstead, manager of the Lowell house.

Throughout, the plant is now fire-proof and thoroughly sanitary, being made of steel and concrete. It is of solid construction from the loading platform to the topmost storeroom. The entire building is of brick.

The entire building was prettily decorated with the Armour colors. Booths and showcases were tastefully arranged, these accommodating the displays of the entire line of "Veribest" products. Another feature was the egg-candling room surrounded with black draperies, and in which all eggs are candled before delivery.

The presentation of the renewed and modernized Armour & Co. branch house in Lowell is but one more step in the movement of a more modern method of marketing the "Veribest" products to the public.

## AMUSEMENT NOTES

### H. P. KEITH'S THEATRE

Chief Yeoman H. C. Tucker, of the navy recruiting station here, yesterday challenged Hardeen to get out of a crazy crib to be put on him Friday night at the B. F. Keith Theatre. And Hardeen accepted the challenge. He will be a fight for life, with odds against the trickster, but inasmuch as he has emerged from about everything ever put on him there is a chance he may get out of this. Yeoman Tucker will take along several of his huskiest sailormen and they will strap Hardeen into the long sack, which is made of extra-heavy canvas reinforced with leather. His hands will be strapped behind him. The crib has four straps of leather in the back, the knees will be strapped together, and likewise the ankles. The jacks will not bother about pulling on the straps, but will let them go. They are out to defeat Hardeen if it is possible to do so. Tonight Hardeen will make attempts to get out of all sorts of handcuffs and leglocks. He will also have his famous milk-can trick. He is unquestionably the biggest man in his line in the country today. But he is not the entire bill. Al. Brendel and Flo Kay will be the other two attractions. "Waiting for Her," which is filled with a new kind of fun, and McDevitt, Kelly and Lucy will offer their vaudeville classic, known as "The Piano Players and the Actress." Susan Tompkins, an attractive appearing young woman, is an exceptionally good violinist. Her program holds specially good numbers. The blanketing troupe, tap wonder workers and McLoughlin and Evans in a singing and dancing sketch complete the vaudeville acts. The picture feature is "Barbary Sheep," with Elsie Ferguson in the principal part. The Hearst-Pathe News pictures are always instructive, and a new set of them will be shown for the first time today. Phone 23.

### OPERA HOUSE

Of the many novel offerings which the local stock stage has presented to the theatregoers of Lowell and vicinity none has been received with more genuine pleasure and delight than the week's production by the New Emerson Players, "Which One Shall I Marry?" deals with a question that is of vital importance to every young man, and the author deals with it in a truly commendable. It should be seen to be fully appreciated. The thousands who have already witnessed one of the performances are unanimous in the opinion that it shares with the most produced successes of years. The new players seem peculiarly fitted to portray the various characters in the piece and their combined efforts are indeed acceptable. Miss Rotoli and Mr. Dumbrille are particularly clever, while the efforts of Mr. Robert R. Langford, Arthur de Lord, Claude Campbell, Miss Sidney, Miss McLeod and the rest are deserving of special mention. Don't wait for the weekend to see and enjoy the piece. Go at once and order your seats immediately or you may suffer disappointment. Better still place your name on the subscription list and thus avoid the usual annoying weekly trips to the box office to be sure that you get your favorite reservations. They are held for all regular subscribers, and at no extra cost. Next week "Anna and the Gipsy" will be presented. It's a lively comedy creation—the first humor-making stage vehicle in which the new company has appeared. The box office is open daily from 9 a. m. to 9 p. m. Tel. 261.

### THE STRAND

Lovers of good music should not miss this week's program at the Strand. The numbers by the Big Stan R. Symphony orchestra of 20 pieces, directed by Arthur Martel, the organ recital by the latter and the song numbers by Anthony Guarino, operatic soloists, are among the best heard this season. Of the pictures they are all high class and enjoyable.

"Paradise Garden" is a seven-act Metro wonderplay of romance and great outdoor scenes, starring everybody's favorite, Harold Lockwood. It is a screen version of the popular novel by Charles Gibbs, which arouses the question of whether it is wise to keep people in ignorance of the pitfalls that may beset them so that they may avoid danger. The hero of the play is a young man who would rather be a student of women was left out of his school books. When he is called upon to face the world he is given a rude awakening. His life is full of tribulations, but in the end he triumphs. "Wild Sonnet," a great story of the northwest, shows Margery Wilson in one of her best parts. This story is a gripping one with many tense scenes and thrilling climaxes. The comedy is a Keystone creation of the Mack Sennett variety. The Travelogue and the Strand Revue are the week's excellent musical program by the 20-piece orchestra, the organ and Anthony Guarino, the operatic tenor.

### PAYMENT ON SECOND LIBERTY BONDS FILL, DUE AT BANKS TODAY

WASHINGTON, Nov. 15.—The first regular instalment payment on the second Liberty bonds, 18 per cent. of the face value, fell due today at the treasury and federal reserve banks. By tonight the government expects to add at least \$685,000,000 to its credit from the second Liberty loan and probably a great deal more since many subscribers paid in full for their bonds yesterday and today.

### GREEK COMMUNITY MAY BUILD \$100,000 SCHOOL ON LEWIS STREET

The members of the local Greek community are contemplating the erection of a \$100,000 school building and in order to finance the big undertaking a committee of 15 was appointed at a recent meeting of the directors of the community. The plans are carried out, the new building, which will serve as a grammar and high school, will be erected in Lewis street.

The Sunday Supplement of The Sun published in connection with the Saturday editions, contains a number of minute women's page. Have you read it?

## THE SPELLBINDER

Apropos of the Red Triangle campaign in this city, I have handled a large number of letters from soldiers in all branches of the service and all parts of this country as well as England and France, and almost 99 per cent. of them have been written on Red Triangle letter paper while a large percentage of them have referred to the work of the Y.M.C.A. Letters from the engineers in England, the railway engineers and the infantry in France have come on Red Triangle letter paper as well as those from the training camps in our own country showing that the Red Triangle is right on the ground. In Monday's Sun Private Merritt of the 101st regiment now

In France spoke of playing on a piano in the Y.M.C.A. hut where he was stationed, the first piano he had seen since leaving the state. I have seen letters from Greek and Polish boys in our service that were written on the paper of the Y.M.C.A. as well as the native-born. So that everybody is benefiting by the work of the Y.M.C.A. and the movement therefore is entitled to the support of everybody.

### Don't Forget the Sailors

This is the last day for sending away your Christmas gifts to the boys across the sea, and in preparing these gifts don't forget Lowell's sailor boys of whom we have about 320 enlisted. Some are near home and others far away. Recently a party of sailors from Lowell were present and collected for Christmas boxes for the Lowell boys but they requested no publicity and hence the public as a whole wasn't aware of their presence in town. They collected a sufficient amount to make a one dollar box for each Lowell sailor in the service. I have been informed that if anyone has a gift to send to any Lowell sailor and doesn't know how to reach him, if he will send it care of Chaplain Stone of the Boston navy yard, the latter will see that it reaches its destination. One of the sailors who was here last week informed me that the boys are still giving their mess-mates glowing accounts of the happenings in Lowell on Soldiers' day, when Mayor O'Donnell got leave of absence for all the sailors as well as the soldiers and they were entertained in this city.

### Speculation as to Vote

There is much speculation as to the number of votes that will be cast in the coming mayoral primaries. Two years ago slightly over 13,000 votes were cast for mayor but this year with

the soldiers away from home there is much discussion as to how voters will appear at the polling places on next Tuesday. The number of soldiers absent from Lowell is estimated as high as 2300 and practically all of them are voters. The boys at present at Camp Devens are but a small minority of the entire number, though 2300 seems a large estimate. The total registration is in the vicinity of 16,000. Undoubtedly, however, of those who are in Lowell a large proportion will vote in the primaries.

### THE SPELLBINDER.

## RECEPTION TO 76TH DIV. FROM CAMP DEVENS

The members of headquarters troop, 76th division, Camp Devens, will not soon forget Lowell for her generosity after the splendid reception which the boys in olive drab received last evening in Associate hall. The occasion was the "all girl" minstrel show and dancing which Lowell people had been hearing about for the past fortnight. The proceeds were to be given over to the headquarters troop for their own

## LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of any constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon, skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to break and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

special benefit, and it is safe to say that the men went back to their barracks last evening with an added burden of several hundred dollars in their kits.

Nearly 1200 people filled the roomy hall, and from the opening overture down to the grand finale there was enthusiasm galore. Soldiers from all over New England were present and their uniforms lent a military touch to the scene. After the minstrel show, general dancing was enjoyed until midnight.

The minstrel show program was as follows: Overture, entire company, solo sustained by Mrs. Florence Saxon, solo, "For You, a Rose," Miss Florence McManus; and song, "Lily of the Valley," Lillian McPherson Fox; solo, "Kiss Waltz," Mrs. Florence Saxon; solo, "Love's Lullaby," Miss Helen Kennedy; selections by the Headquarters Troop trio, Corp. Owens, Corp. Clark and Private Gustafson; and song, "Alexander's Back From Dixie" Will

### TAG DAY FOR RELIEF OF SUFFERERS IN ARMENIA AND SYRIA

In accordance with a proclamation issued by President Wilson, the American Armenian and Syrian relief committee of this city will conduct a tag day for the relief of the millions of sufferers in Armenia and Syria next Saturday. The president's proclamation was for tag days to be conducted on Nov. 17 and 18, but the American committee changed the dates to Nov. 10 and 11, but in Lowell the affair had to be postponed on account of the opening of the Red Triangle campaign.

Next Saturday young women authorized by the committee will patrol the streets of Lowell selling tags in an endeavor to raise a fund, while the following day (Sunday) collections will be taken up in the local churches. Clergymen of all churches, irrespective of denomination, will be asked to do

over it. The lameness, stiffness, dull, tired feeling, nervousness, dizziness, rheumatic pains and urinary trouble should go, too. Use DOAN'S KIDNEY PILLS. You can have faith in this medicine, as it is publicly recommended by Lowell people.

## The Remedy Lowell Endorses

### CENTRAL STREET

James W. Hartley, machinist, 442 Central St., says: "I strained my back and this caused my kidneys to get out of order. I was sore and stiff and could hardly do any stooping or lifting. My kidneys acted irregularly. I got Doan's Kidney Pills at the Davis Square Drug Store and they promptly rid me of the trouble. My kidneys were put in good condition and my back got strong and well. I am grateful for this benefit."

### WILLIE STREET

Mrs. Patrick McCarthy, 77 Willie street, says: "I was all run down with kidney trouble. I suffered constantly from pains across my kidneys and dull, nagging backaches. My kidneys gave me a great deal of trouble. I had but little strength and could hardly get about to do my housework. I had headaches and dizzy spells, doctored for several months, but got no relief. I read of Doan's Kidney Pills and tried them. They cured me and I do not have any more of that 'trouble now'."

### WEBSTER STREET

Mrs. J. McKenna, 9 Webster St., says: "My kidneys never trouble me until after I had a bad sickness. Shortly after that my back began to ache and was terribly weak. The trouble seemed to bother me more in the morning and at times I could scarcely do my housework. I felt worn out and depressed and had severe headaches. I read of Doan's Kidney Pills and got some at Liggett's Riker-Jaynes drug store. I kept on taking Doan's until they relieved me of all that trouble and I owe my present good condition to them."

### BROADWAY

Lawrence B. Eaton, 24 Broadway, says: "My kidneys were very weak and I had to get up every little while during the night to pass the secretions. There was a brick dust like sediment in the secretions and they burned terribly in passing. My back pained me a great deal and most of the time I could hardly do anything. One of my neighbors told me to try Doan's Kidney Pills and I did so. I could see that they were helping me and I kept on taking them. Gradually my kidneys became normal and my back was as strong as ever."

### SOMERSET STREET

F. O. Townsend, city fireman, 14 Somerset street, says: "I had a lame, weak back off and on for years before I took Doan's Kidney Pills. There was a dull, constant throbbing across the small of my back and I found it hard to do any lifting or bending on account of my back being so stiff and sore. That trouble kept getting worse. The kidneys secretions began to pass too freely and I had to get up at night which broke my rest. I saw Doan's Kidney Pills so highly recommended. I got a box at Riker-Jaynes drug store. After taking the first box I felt better and when I had taken several more I was cured of kidney trouble."

### ROCK STREET

Mrs. Louis Stone, 74 Rock street, says: "I was a great sufferer from kidney trouble and was never free from backache. My limbs ached and pained me and I had dizzy spells and headaches. My limbs and ankles were swollen and I could just about keep going. My kidneys didn't act right and annoyed me. Doan's Kidney Pills helped me wonderfully and made my back stronger and my kidneys act regularly."

### To Stop a Persistent, Hacking Cough

The best remedy is one you can easily make at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It is so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, soothes the irritated membrane that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and pertussis, asthma, there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation, The Pinex Co., Ft. Wayne, Ind.

Statistics published in Peking show that 1170 Chinese boys are in attendance at American schools. A study of the roster of Chinese ministers and ambassadors in foreign countries shows clearly that every one of these men have been selected because of their American or English education. In this respect they have followed closely in the footsteps of Japan, which more than 30 years ago instituted the custom of sending its bright young men abroad to school.

CIVIL SERVICE EXAMINATIONS

Four young women and five young men, one of the latter from Ayer, took a civil service examination for clerk in the departmental service at the postoffice, yesterday. THIRD BIG LEAGUE SHOULD PROVE PROFITABLE VENTURE

Will a third big league be a profitable investment is the question going around major and minor league territory at this time. Interested people are pointing to the

Federal league and its financial disaster.

If the Federal league with the backing of millionaires like Weeghman and the Wards could not get by, what chance has another organization? They ask.

Here's the difference. The Federal league started with 10 in Indianapolis, Chicago, Buffalo, Baltimore, Kansas City, Brooklyn, Pittsburg and St. Louis. Later Newark took the place of Indianapolis.

The Federal league, with Class AA teams, was backing big league opposition in four cities—Chicago, Brooklyn, Pittsburg and St. Louis. Chicago and St. Louis are not three-team cities and neither Brooklyn nor Pittsburg are

able to support more than one team. Neither were the minor league cities invaded and the fans for the greater part stuck to the clubs which had been in their cities for years.

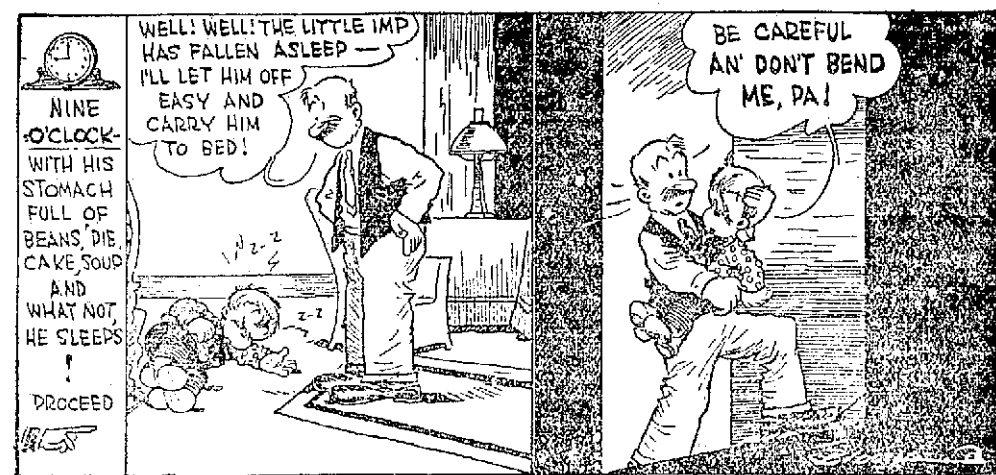

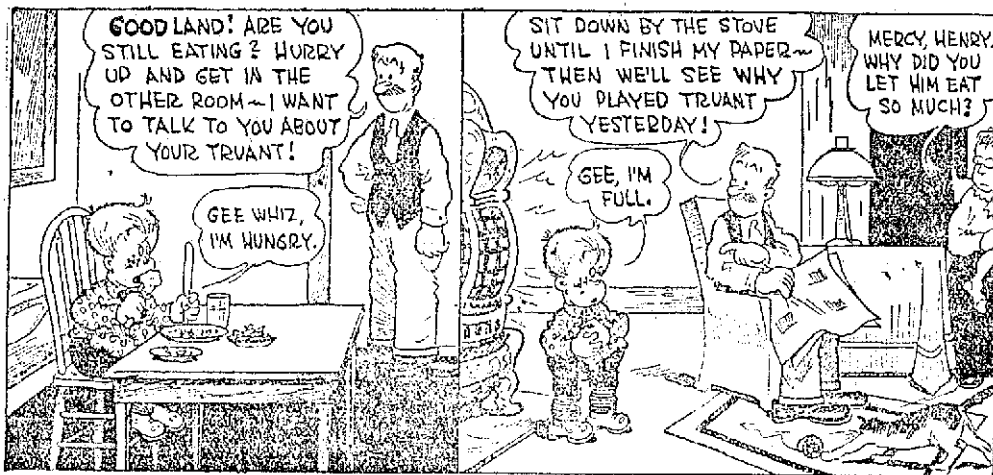

But this new Union league, or what ever they call it, will be a different proposition. The cities represented will be Indianapolis, Louisville, Toledo, Columbus, Toronto, Newark, Baltimore and Buffalo, cities with a combined population of about 2,800,000, none of which will have opposition ball clubs.

The advantage to be derived by these clubs is that they will not be touched by the base-ball draft, which yearly takes many of their best players and that they will be able to draft players from the minor league.

## PARTIAL ECLIPSE OF THE GAY WHITE WAY

NEW YORK, Nov. 15.—The partial eclipse of the millions of electric lights forming hundreds of mechanical advertising displays that has gained for Broadway the sobriquet of the "Gay White Way" will occur for the first time at dusk tonight. Until 7.45 p. m., the ordinary street lights will have to suffice. After that time, however, visitors and the usual crowd of theatre-going New Yorkers will be permitted to bask in the brilliance until 11 o'clock, when war-time darkness will again prevail.

For the purpose of meeting the legal aspects of the eclipse, the board of public service commission yesterday adopted an order permitting the electric light companies to file a supplement to their tariff schedules.

Retail merchants of Fifth avenue today began a campaign of their own for the conservation of coal used for the electric illumination of signs and show windows.

## SHORT SALES ON N. Y. STOCK EXCHANGE

NEW YORK, Nov. 15.—Short sales on the New York stock exchange will be further restricted, beginning today by the action of the board of governors, requiring all traders to supply each day before noon a detailed account of every transaction handled during the preceding session. The new ruling has special reference to members who trade in their own account. Under the restrictive measure aimed at "vicious" short selling, adopted Nov. 1, brokers were required to report the names of short sellers only through the medium of stocks borrowed for them. It was found that this rule did not apply to those who sold "short" and covered their commitments before the close of business on the same day. This procedure, it was held, necessitated no borrowing of stock. The new rule now demands that the name of every short seller be reported daily.

As a market factor, short selling has not figured prominently on the exchange for the last two weeks, but the governors, in their action taken yesterday felt that the added restrictions will serve to prevent any undue market pressure in times of stress.

## WELL KNOWN MUSICAL DIRECTOR PASSED AWAY AT ST. JOHN'S HOSPITAL, YESTERDAY

William H. Way, well known as a musical director, died yesterday at St. John's hospital after an illness of a couple of months. Mr. Way had not been in good health for several years, but up to about a month ago he had managed to be out and to evince an interest in musical affairs, for only a couple of months ago he organized, directed and staged an amateur musical event, which was great success.

Mr. Way had studied music in New York and Europe and for a number of years he was director of a large musical company in this country, traveling from coast to coast. In 1901 he settled definitely in this city and taught piano and vocal culture. He leaves to mourn his loss three cousins, George Huntress of Boston and Henry and Harriet Huntress of Concord, N. H.

# But Two and One-Half More Days Remain of Our First and UNUSUAL ANNIVERSARY SALE

Tomorrow and Saturday, (we closed Today at noon) are the last opportunities to "get-in" on this sale.

Owing to the small margins coming to us on the low prices we have placed on all articles, it would be an act of irresponsibility to extend this sale for a longer period than originally intended.

To our customers as well as to ourselves, this sale has proven to be the biggest event of its character ever conducted here. Think of it! A practically new stock of men's wear of every description thrown on sale at from 25 to 33 and one-third per cent. reductions in the old prices—the words, "old prices" are used advisedly as such bargains as we offer are not to be had in these days of war-inflated manufacture and selling costs.

## PROPAGANDA AGAINST CHICAGO COURTS

CHICAGO, Nov. 15.—A propaganda against the Chicago courts was called to the attention of the prosecuting attorney today by Harry Olson, chief justice of the municipal court, who charged socialists with causing the distribution of circulars about the court rooms and to men likely to be called as jurors.

"Vote not guilty," the circulars said. "Workingmen do not convict a fellow worker for an offense against capitalists' property. If drawn as jurymen, always vote against capitalism." The international socialists' review.

## DIVISION 1, A.O.H. MEETING

There will be a special meeting of Division 1, A.O.H. this evening in Hibernian hall and among the important business which is scheduled to be transacted is the nomination of officers for the coming year.

Plans for the 41st anniversary of Division 1 are just coming to a head and the event promises to be one of the biggest social events of the winter. Division 1, according to the national organ of the A.O.H., is the oldest division in the United States which has complete records of its transactions since its first meeting. The members are justly proud of this distinction and for this reason are exerting every effort to have the anniversary marked with a fitting celebration. Committee reports on the progress of the plans will be heard at a meeting to be held in the near future.

## AMERICAN AVIATORS ON WESTERN FRONT

COPENHAGEN, Nov. 15.—Capt. Baron von Richthofen, Germany's leading aviator, expresses himself as unconcerned over the reported preparations to place 20,000 American aviators on the western front. He believes it will be impossible to get together the many trained pilots, as the training is long and costly and involves heavy casualties. The newcomers, he says, will, particularly at first, "be unable to judge the military conditions and at least 25 per cent. of the machines will be disabled during the long transport."

Lieut. Gen. von Ardenne of the Berlin Tugboat who reports this to the aviators, adds that the German air service which evidently has been forewarned by newspaper discussion of American plans, is steadily increasing the number of aviators and machines.

German fighting airplanes, Gen. von Ardenne says, now carry wireless receiving outfits, which enable them to engage in combat promptly with enemy fliers. This is necessitated by new conditions on the Flanders front where whole squadrons of allied machines can appear over the German lines in a surprisingly short time. German squadrons starting from the ground to meet the invaders would be too late, so they must constantly be in the front lines either flying or ready for flight.

German aviators say they have noted recently that a majority of the British fliers in Flanders are showing themselves in the Dixmude section of the front instead of the region of Passchendaele.

Gen. von Ardenne discloses various new developments of the Flanders fighting, among them the decrease in the use of hand grenades, which in close fighting are as dangerous to friends as to foes. They are being displaced by light machine guns and special units whose task is to seek out enemy batteries by sight or hearing.

## JOHN W. FOSTER DIED AT WASHINGTON TODAY

WASHINGTON, Nov. 15.—John W. Foster, former minister to China, dean of the American diplomatic corps, and father-in-law of Secretary Lansing, died here this morning after a long illness. He at one time was secretary of state.

With a record of practically a half century of continuous service in diplomacy and the practice of international law, John Watson Foster had a fair claim to the title of dean of the diplomatic service of the United States. He had been secretary of state under President Harrison, succeeding Blaine when the latter resigned after his sensational quarrel with the chief executive, and had held three separate commissions as a minister plenipotentiary. Besides that he represented the United States in many special treaty negotiations, had acted as its agent before international commissions, and even had been called into the service of foreign governments.

As secretary of state his most notable act was a treaty with the Americans in Hawaii who had been concerned in the overthrow of the native queen, providing for annexation of the islands to the United States. President Harrison's administration was drawing to a close and before the treaty could be ratified by the senate, President Cleveland took office and withdrew it as his first official act.

Mr. Foster's notable services to his country in diplomatic capacities abroad were successively as minister to Mexico, minister to Russia, minister to Spain and as a special plenipotentiary to negotiate reciprocity treaties with Brazil, Spain, Germany and the British West Indies. Following that he became secretary of state. Later he became the agent of the United States at Paris in the Bering Sea arbitration and at the close of the war between China and Japan was invited by the emperor of China to participate in the peace negotiations.

While the invitation was officially extended by the emperor, Mr. Foster was really invited by Li Hung Chang, who describes the occasion in a volume of his published memoirs, speaking affectionately of Mr. Foster, not alone as a personal friend but as a representative of the friendship of the

## UNITED STATES FOR CHINA IN HER HOUR OF NEED

The great Chinese statesman frankly acknowledges how valuable was the counsel of the American friend at a moment when he was confronted with the almost hopeless task of preserving his country against the demands of the victor. Later the Chinese government chose Mr. Foster as its representative at the Second Hague Conference in 1907.

Soon after the peace conference Mr. Foster went to Russia and Great Britain on a special mission for the United States. On his return he became a member of the Anglo-Canadian commission. Then he became the agent of the United States at London before the Alaska boundary tribunal. His last public work was as China's representative at the Hague in 1907.

Thereafter he lived in comparative retirement in Washington writing his memoirs. His daughter became the wife of Robert Lansing, secretary of state in President Wilson's cabinet, and continued to make her home with him. The death of the secretary of state, the conduct of the many delicate diplomatic negotiations which confronted him as an outcome of the European war, to say the least, doubtless enjoyed the counsel and ripe experience of his distinguished father-in-law.

Mr. Foster was born in Pike county, Indiana, March 2, 1836, the son of a lawyer. He entered law at an early age and served in the union army as an officer.

On his sixtieth birthday anniversary, March 2, 1916, President Yuan Shih-kai conferred upon him the "Order of the Golden Grain," the highest order of merit within the gift of the Chinese government. Yuan had been the commanding general of the Chinese troops in the clash with Japan which brought on the conflict Mr. Foster took a part in adjusting.

The immediate cause of the venerable diplomat's death was an asthmatic trouble, although his advanced years and failing health had given his family great concern for more than a year.

MAN WHO DIDN'T BELIEVE IN SAFETY VAULTS BURIED MONEY IN CELLAR

NEWBURYPORT, Nov. 15.—Albert M. Corwath, who died recently here, had no faith in safety deposit vaults. Relatives who knew that he had considerable money often had wondered where he kept it. When his papers were examined by the executors, one was found directing them to find a cross marked on a plank in the cellar and to dig beneath it. The instructions were followed and the executors uncovered a box containing securities valued at several thousand dollars. They told of their discovery at an auction sale of the household effects yesterday.

## Counterfeits.

Read what one of the GREATEST NEWSPAPERS IN AMERICA has to say on this subject:

"The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trademark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.—Philadelphia Bulletin.

## Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Conger Bros. of St. Paul, Minn., say: "Fletcher's Castoria is certainly full of merit and worthy of recommendation."

C. G. A. Loder, of Philadelphia, Pa., says: "For 20 years we have sold Fletcher's Castoria and are pleased to state that it has given universal satisfaction."

The Scholtz Drug Co., of Denver, Colo., says: "Fletcher's Castoria has surely become a household word. Seemingly every family where there are children uses it."

Hosgood & Mansfield, of Boston, Mass., say: "We have nothing but good to say about your Castoria and we do not hesitate to give it our unqualified endorsement."

Riker's Drug Stores, of New York City, say: "Fletcher's Castoria is one of the oldest and most popular preparations in our stores. We have nothing but good to say about it."

Wolff-Wilson Drug Co., of St. Louis, Mo., says: "Of the thousands of patent medicines for which we have demand there are a very few of them that we can conscientiously recommend and your Castoria is included in this few."

D. R. Dyche & Co., of Chicago, Ill., say: "The increasing demand for your Castoria shows that a discriminating public is not slow to seek out a remedy of merit and once convinced that it does all and even more than claimed they do not hesitate to recommend it to their friends."

The Owl Drug Co., of San Francisco, Cal., says: "We have always been a believer in the 'original man protection' and have been particular never to sell anything but the genuine and original Castoria (Fletcher's). We have many calls every day for this article from people who say they would not be without it in their homes."

BOSTON, Nov. 15.—Emile Kanad, a butler at the home of Mrs. Horatio N. Slater, who was shot Saturday night by Nathan Schwartz, a 16-year-old boy, who had attempted to see Mrs. Slater, died today.

Schwartz, also known as Harry Buss, was arrested soon after the shooting and arraigned on a charge of assault with intent to kill, but later when his age was established, the case was turned over to the juvenile court. A charge of murder will be preferred against him. When arrested the boy claimed New York as his home, but the police learned later that his parents lived in this city.

## SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a few cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

ment, has been elected a member of the Tau Beta Pi society of the Worcester Polytechnic Institute. This is the senior society of the school and its members are chosen for excellency in scholarship.

The junior class of the State Normal school yesterday elected officers for the present year. The election was held at recess in the lecture room of the school and was in charge of Dorothy Adams and Mildred Clevette of the senior class. The following officers were chosen: Anna Moran of Cambridge, president; Helen Mahoney of Lawrence, vice president; Katharine Myler of Lawrence, secretary.

Musician J. A. Christian of the Second Cavalry band at Fort Ethan Allen, Vt., a Lowell boy, has written a very interesting letter to Mayor O'Donnell, thanking him for favoring him by giving him the best regards of the Lowell boys at the fort. The mayor also received a letter from Lieut. Gerald Dean, another Lowell boy, who recently left Camp Devens, Ayer, for Atlanta, Ga., with 500 soldiers.

The employees of the James Co. in Merrimack street enjoyed a delightful dinner at Page's restaurant last night, the occasion marking the first anniversary of the company's establishment in this city. An excellent menu was discussed, after which a musical and literary program was carried out. Speeches were also in order, the principal one being made by Leonard Diamond, former head of the children's department, who will assume full management of the store next Monday.

An alarm from Box 13 at 7:34 o'clock last night summoned a portion of the fire department to the corner of Dutton and Market streets, but the run proved to be a needless one, for there was no fire. A person who saw smoke emitting from an engine thought there was a fire in progress and called a store-keeper to sound the alarm. At 8:27 o'clock this morning the members of Engine 4 were called to the Yale Chambers at 115 Main street to extinguish a chimney fire. There was no damage.

## MAY ABANDON TWO LONG YEARS TROLLEY LINE HE SUFFERED

MANCHESTER, N. H., Nov. 15.—There is every probability that the Manchester & Derry trolley line, 12 miles long, running from this city through Goff's Falls and Londonderry to Derry Village, will soon be abandoned. The line has been operated at a loss the last nine years, the expenditures amounting to \$45,000 in excess of the receipts for this period.

A few months ago the New Hampshire public service commission authorized an increase in the fares, but this was not sufficient to meet the increase in the cost of operating. With the 10 years' exemption from taxes expiring next year, the management of the road sees no alternative but to close the road and scrap the equipment, owing to the high prices for iron and steel.

## ELECTRIC SHOCK AND FALL KILL BOY

BRADFORD, Vt., Nov. 15.—Herbert Peterson, aged 11, son of Mr. and Mrs. George A. Peterson of this place, was killed during the noon recess yesterday near the school playground.

He had climbed a 30-foot pole of the Bradford Electric Lighting company, carrying 6600 volts. When starting to come down he got one hand on the uninsulated wire and fell, striking first on the edge of the frame on the pole about 10 feet from the ground. He walked several rods toward a house before losing consciousness, but died in about five minutes.

Dr. Naughton making an X-Ray examination with the improved Skiascope as an aid to diagnosis. This and other wonderful methods of examinations are free to all who call on him at the New American Hotel, Friday, Nov. 16, 10 a. m. to 7 p. m.

## FREE for THIS VISIT

Never before has such an opportunity been given the sick of this vicinity, and if you are suffering, you should not fail to take advantage of it. Those wishing to see him should remember the Days, Dates and Office Hours of his visits and call early to avoid the crowded last hours.

For nearly 15 years I have been studying the Chemistry of food and the Chemistry of the human body. I have put these two sciences together and formulated the science of Applied Food Chemistry. By the application of this knowledge I cure all forms of stomach and intestinal diseases, and all other disorders that result from wrong eating and drinking. This method cannot fail because it conforms to the laws of Nature.

It is estimated that ninety-two per cent. of all diseases are caused by errors in eating. These errors are made by wrong selections, wrong combinations, and wrong proportions

of food. I teach you how to correct these, how to select, how to combine and how to proportion your food according to your age and your occupation. This cures by removing causes. It gives Nature a chance. This is the true science of human nutrition, and it is governed by laws as infallible as the laws of gravitation. If you they them you cannot be sick. If you do not obey them you cannot be well.

You have no idea what your body is capable of, until you have it perfectly nourished. You have no idea what your mind is capable of, until it lives in a perfectly nourished body.

## LOWELL BOY TELLS OF LIFE IN TRENCHES

Corp. H. Gendron of Company A, 101st Regiment, Military police, 25th division, American Expeditionary force, who is now "somewhere" in France, has written a very interesting letter to his mother, Mrs. Eugenie Gendron of 732 Moody street. The young soldier tells of conditions in France, and with his letter is enclosed a diary of his trip across the ocean.

The letter is as follows:  
Dear Mother—Just a few lines to let you know that I am well, only I have a slight cold for this place is very cold, and we are still sleeping out and on boards, for there is not a bed in sight. You ought to see the poor fellows who have been in the trenches. Some have one arm off, some have both legs gone, while others are blind. We see all kinds of injuries in this country.

We are now in a place where aeroplanes are flying over us all day, while the rolling of the cannon at night is fierce. There is no one in the old U. S. A. who can realize how it is here and how everybody is suffering. In this camp we have about 50 German prisoners, who are kept busy building roads around the camp.

I would like to tell you a whole lot about this place, but I am handicapped from doing so by the censor and again during the day we work, while in the evening the lights are put out. I wish it was all over and I was going back to dear old Lowell, but it's no use thinking of that for we haven't started yet; when we do, though, good-night. Germans! They all say here that the war will be over in the spring, and if the rumors prove true we will all be back to the place we love next summer.

During my voyage across the ocean I went to confession twice and received holy communion on the ship. Don't forget to write soon for you know it takes a long time for a letter to get here, for this place is a long, long way from Lowell. Your loving son,  
Corp. H. Gendron.

## MAHER GIRL MISSING FROM SOMERVILLE

SOMERVILLE, Nov. 15.—The Somerville police were notified last evening of the mysterious disappearance of Theresa Maher, aged 15, from her home, 389 Highland avenue, West Somerville. The report was made by an older sister at about 9.30, after she had received a telephone message purporting to come from Pittsfield, N. H., from a person who identified himself as Frank Brown.

He said the girl had been abducted from West Somerville by two men in an automobile, but that she had escaped from their custody and was safe with a brother who lives in that town. The girls do not know of any Frank Brown, and believe it to be a fictitious name.

Theresa is one of a family of seven children who have lived in West Somerville about a year. Their mother is dead and their father is living in Boston at an address unknown to

**Letters from the Front**

From trench and camp come heartfelt words of appreciation. Read them. Realize how Our Boys NEED the Red Triangle Work.

There must be a Red Triangle "Y HUT" in every unit. The soldiers need this. The Government wants this. And the Y.M.C.A. will provide if you do YOUR share!

"Red Triangle" Y.M.C.A. work means home comforts in camp and trench; wholesome relaxation—healthful recreation—sympathetic surroundings—good-fellowship and cheer.

With these things Our Boys stay clean and fit. They're "doing their bit" for YOU. Won't YOU "do YOUR bit" for THEM?

Give YOUR SHARE to the Red Triangle WAR WORK FUND, Nov. 11-19. Help make Our Boys better soldiers and keep them better men.

**KILLED ON BLIND CROSSING—KENNEBUNK OFFICIALS' AUTO HIT BY TROLLEY**

KENNEBUNK, Me., Nov. 15.—William H. Littlefield, about 43, while driving an auto truck over a blind crossing of the Atlantic Shore Electric railway on the Alfred road at 4 p. m. yesterday, was struck by an electric car and fatally injured. He was taken to the Webster hospital, Kitteridge, where he died last night.

Mr. Littlefield was a wife and several children. He was tax collector of Kennebunk, connected with the local secret societies and was a member of the republican town committee. He conducted a grain and coal business here.

**WESTFIELD BOOTLEGGERS JAILED**

WESTFIELD, Nov. 15.—Eugene Bracomb, aged 55 years, and Robert Brown, aged 25 years, both of this town, were given sentences of 90 days in the house of correction at yesterday morning's session of district court for drunkenness. The pair was arrested by provost guards from Camp Bartlett Tuesday night while bootlegging. A large supply of liquor was taken from them.

Bad taste in the mouth, backache, pain or soreness in the joints and abdomen? Severe distress when urinating, bloody, cloudy, urino, or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.

You should use GOLD MEDAL Haarlem Oil Capsules immediately. They will quickly rid the system of the acid and lining of the kidneys, and the

**PRIVATE JOSEPH MAHAN WRITES FROM FRANCE**

Mrs. P. J. Mahan of 26 Manchester street, has received a letter from her son, Private Joseph P. Mahan, who is at present with Co. A, military police, 26th division, somewhere in France. The letter is in part follows:

On Active Service,  
American Expeditionary Force,  
Oct. 26, 1917.

Dear Mother—Just a line to let you know that I am alive and kicking and enjoying myself. This is some place we have a great trip over here and I was not sick a single day. They said on the ship that it was the best weather they had had for 20 years. The street cars in this country seem awfully funny; they have light street car conductors and it costs something to ride down town. The steam cars here are funny, too. I guess that's all I can write now because you know they won't let me tell you where I am or when I arrived here. I will write often and please don't forget me to the folks at home.

Your son,  
Joseph Mahan.

**JOINT RECRUITING RALLIES**

BOSTON, Nov. 15.—The United States and British-Canadian recruiting authorities began today a series of joint rallies, designed to stimulate enlistments, particularly in the United States army and in Canadian regiments. The first gathering was held at the navy tent on the common and rallies in many New England cities are planned.

them. Theresa was one of the younger children of the family and a pupil at the Hodgkins school.

She was last seen at home by a younger sister, who left her to go to the High school. When the two older sisters returned from their work in Boston they became disturbed at Theresa's absence. They did not report the case to the police, however, until after receiving the mysterious telephone message.

Patrolman Galt later verified the fact that a telephone message was sent from Pittsfield, N. H., to the family. He also learned that about 6 o'clock yesterday afternoon Samuel Zephan, proprietor of a periodical store at 392A Highland avenue, saw an auto passing slowly back and forth near the Maher home. There were two men in the machine.

The older sisters declared that Theresa would not of her own accord accompany any strangers. They said she was residing at home and believed that she had been abducted. They admitted that they have a brother living in Pittsfield, but doubt that he had anything to do with the girl's disappearance.

They tried to establish telephone communication with Pittsfield, N. H., later last night, but were unable to do anything to help. They also attempted to call the missing girl's father, but he was a blind shoe, blue hat, light waist, black shoes and white stockings.

They are now looking for the girl and anyone who can afford to furnish a Y. H. T. for the boys out here can rest big thing that he is doing a real big thing that is appreciated by thousands of weary, tired and starved soldiers who always look for the Y. H. T. where they make a table.

## LOWELL CASES IN COURT AT CAMBRIDGE

Special to The Sun  
CAMBRIDGE, Nov. 15.—Four Lowell cases were disposed of this morning at the criminal session of the superior court, Justice Chase presiding. George Prongstobos, a resident of Lowell, was charged with assault with a dangerous weapon on Catherine Meury, July 14, 1917. He entered a plea of guilty and a fine of \$100 was imposed.

Frank P. Gearin, also of Lowell, was charged with two counts of breaking and entering freight cars of the New York, New Haven & Hartford railroad on May 3, 1917. He pleaded guilty to one count and was placed on probation on condition that he pay the costs of the court, \$25.

Elzear Laheur, who also resides in Lowell, pleaded guilty to a charge of drunkenness and he was placed on probation on condition that he pay costs of court, \$5.

Julien Girard of Lowell entered a plea of guilty to a complaint charging him with the larceny of an automobile owned by Harold W. Jewett, on Sept. 28 last, and he was placed on probation after paying the costs of the court, \$5.

## CITY TEAMSTERS WANT MORE MONEY

The teamsters employed in the street department have asked for an increase of 25 cents a day, but Commissioner Morse, who is in charge of the department, has informed them that he cannot acquiesce to their demand for his appropriation is too low. This is the fourth time this year that the teamsters have asked for an increase in wages, according to Mr. Morse, but each time the demand was thrown down.

Mr. Morse said there are 37 teamsters employed in the department, 25 on double-hitch carts and 12 on single hitch teams. They are now receiving \$2.75 a day and they want \$3 a day. "I know that in other cities teamsters are paid \$3 a day, but what can I do. I haven't the money and that's all," said Mr. Morse.

While talking about the wage question Mr. Morse made reference to the Appleton street job and said if the Bay State Street Railway Co. gets out of his way he will complete the paving of the street this year. He said there remain about 700 feet to be paved, but the Bay State is preventing any progress. He has ten laborers on the job, who are being closely followed by pavers, while the Bay State has 12 men at work.

Mr. Morse also informed the writer

that he has laid a new sidewalk on the Central bridge and is now working on the other sidewalk. He will not paint the bridge this year.

### Lowell's Vote

The number of men eligible to vote at the coming city primaries in this city is 16,389, while that of women is 6,410. Last year at the city election there were 16,547 names of men on the check list, while the number of women voters was 859.

The number of eligible male voters by wards is as follows: Ward 1, 1724; ward 2, 1204; ward 3, 2316; ward 4, 1363; ward 5, 1178; ward 6, 1974; ward 7, 2005; ward 8, 2323; ward 9, 2204. The women's list by wards is as follows: Ward 1, 742; ward 2, 263; ward 3, 864; ward 4, 505; ward 5, 430; ward 6, 482; ward 7, 353; ward 8, 1059; ward 9, 1082.

### Street Car Service

A number of residents of Varnum avenue are dissatisfied with the time schedule of electric cars in Varnum avenue and last evening several of them called on Mayor O'Donnell and asked him to use his influence in bringing about better conditions. This morning His Honor got in communication with officials of the railway company with the result that the company will at once place a double-track car on the line and will readjust the time schedule within a couple of weeks.

### Mayor O'Donnell's Tribute

When informed of the death of Harry W. J. Howe, Mayor O'Donnell said: "I deeply regret the death of Mr.

Howe whom I have known intimately for a number of years. It was my privilege to appoint him a member of the waterways commission in 1916, and I am confident that the public will agree that the appointment was a splendid one. Although receiving no compensation for his services, Mr. Howe took up the duties of that position and worked untiringly day and night upon their development with the result that there are now but a very few, if any unprotected waterways in Lowell. He not only took care of that part of the work for which the city of Lowell was responsible but he prevailed upon the corporations to see their duty in the matter and to cooperate with the city. He was always ready and willing to perform the most unpleasant duties in connection with his position and he did all of his work thoroughly. Personally, he was a most companionable man and made friends wherever he went. I sympathize deeply with his mother, to whom he was devoted."

### IMPRESSIVE SERVICE IN HONOR OF FAMOUS FRENCH AVIATOR KILLED

HEADQUARTERS OF THE LAFAYETTE ESCADRILLE, Nov. 13, via Paris, Nov. 14.—This afternoon, "somewhere on the western front," an impressive service was held in honor of Capt. George Guynemer, the famous French aviator, recently killed in combat. In a hollow square on the flying field were drawn up the personnel of the four fighting squadrons quartered at this place, who listened to an inspiring address by the commandant of all the French aeronautical forces.

After the service there was a distribution of the honors recently won by French and American pilots.

The Americans decorated were Lieut. Raoul Lufbery, now seventh on the list of French aces, and Sergt. Robert Rockwell, Robert Soubrin and David McKay Peterson.

During the past fortnight the Lafayette escadrille made many patrols in all sorts of weather, fighting numerous combats.

This afternoon Lieut. William Thaw and Sergt. Peterson while out on patrol at high altitudes had a lively battle with three Albatross monoplane which attacked them from

Pay \$1.00 and \$1.00 weekly. Join the Hoosier Club the week of Nov. 16th to 23rd. Save miles of steps. Join NOW. Save \$5 on each cabinet this week.

Hoosier Beauty is deservedly the most famous and most complete cabinet in the world. It contains every labor-saving convenience known to Domestic Science Experts.

Years have been spent in perfecting this cabinet and finding the most convenient places for everything used during the preparation of a meal.

Test after test has been made to insure the proper and most convenient arrangement.

It is the most complete cabinet sold anywhere in the country. With this cabinet you can save many steps each day. Everything is grouped in one compact spot around your work table.

You can prepare a whole meal with scarcely a step from your cabinet. Think how much this means to you in a week's time.

See this cabinet—sit in front of it and see how everything is arranged at your fingers' ends.

Decide for yourself if the Hoosier, that now saves miles of steps for over a million women will not save steps for you too.

And remember a genuine Hoosier contains many valuable patented conveniences that cannot be had at any price in other cabinets.

Hoosier Beauty 1753 finished inside and out in beautiful white enamel is 1753, and the price is the same as cabinet 1754. It is also supplied in two other styles—1752 with hinge doors, oak finish, and 1754 with hinge doors, white enameled inside and out.

The manufacturers of the Royal Electric Cleaner on account of the greatly increased cost of material and labor, and because they have decided to adhere to the same high standards which have distinguished the Royal in the past, have been obliged to advance the price of their machine on Dec. 1, 1917.

If you do not already own a Royal, you should take advantage of this opportunity and purchase before the advance in price. The initial cost of the Royal may be slightly more than some other less efficient, cheaply constructed machines, but the extra service and durability of the Royal makes it easily worth more than you pay for it.

## GOMPERS AND OTHER LABOR MEN PRAISED

BUFFALO, N. Y., Nov. 15.—Telegrams from all parts of the country, congratulating President Gompers of the American Federation of Labor and the officers of the building trades department for the steps they have taken to eliminate strikes on shipbuilding and munition plants have been received and several of them were read by Secretary Frank Morrison at the opening of today's session of the 37th annual convention.

Printed copies of about 200 resolutions introduced during the last three days were on the delegates' desks this morning and the indications were that debate would get under way before adjournment.

A score of the resolutions, introduced by the radicals, were expected to develop their strength at this convention.

Addresses by fraternal delegates from Canada and Great Britain were made a special order of business after the reading of minutes.

**British Trades Union**

John Hill, fraternal delegate from the British Trades union congress, said British trades union men had looked long and anxiously toward America for an awakening to a realization that the war against the central powers was a war for the existence of the principles of freedom for which unionism stands.

## KILLED ON WAY "OVER THE TOP"

"Tell the Folks Back Home I Went Out Gaily, Pal"

## The Dying Words of a Soldier Hero From San Francisco

PARIS, Nov. 15.—William Parringfield of San Francisco, member of the French Foreign Legion, lost his life as the result of wounds he received in a recent action, the Herald announces today.

"Tell the folks back home I went out gaily, pal," Parringfield murmured as his captain stooped to pin on his breast the military medal, says a letter received by Jack Barry of Brooklyn, another member of the legion who is on a furlough in Paris, from which the Herald quotes.

The letter was penned on the front by Oscar Moxley, giving the circumstances of the death in Lorraine of this 29 year old volunteer.

"Prior to the action which cost Parringfield his life," the letter reads, "volunteers were called for and Bill was among the first to step forward for a charge."

"The boys stormed over the parapet as soon as the signal was given. Hardly had Bill overpassed ten paces when a machine gun bullet brought him down in his tracks."

### NUX, IRON, PEPSIN AND SARSAPARILLA

The combination of two great medicines, Hood's Sarsaparilla and Pepsin, by taking them in conjunction, one before eating and the other after brings into co-operation the above named substances, best for the blood, nerves and digestive organs.

This combination is especially recommended in cases that are scrofulous, or rheumatic, anemic and nervous, or where the blood is both impure and pale, deficient in iron—one of the most common disease conditions of the present day.

In cases where a laxative is needed, Hood's Pills should be taken. They work in perfect harmony with Hood's Sarsaparilla and Pepsin, and are mild and efficient.

COMPETENCE

Competition is the great rivalry existing between different business firms. There has always been competition. Similar establishments try hard to beat each other in business. To stay in the light each one must be able to compete. This ability to compete is called competence and is the highest standard which the firm can reach. It means to be able to sell the right kind of goods at prices as low as any other establishment; it means to sell in the right way, honestly, and courteously; it means absolutely the best a store can do in every way.

Chaffoux's have always tried to be competent. We believe we have succeeded.

## American Soldiers Carry Out Successful Ambush in No Man's Land

American soldiers have carried out a successful ambush of a German party in No Man's land on the western front, killing and wounding a number of the enemy, while German shells caused a number of casualties in the American lines.

An American patrol one night recently lay in the mud in wait for an enemy party for which they had arranged an ambush. A German detachment of more than twice the size of the American party fell into the trap. The enemy troops were surprised and did not stop to fight, scattering away with their dead and wounded. The Americans suffered no casualties.

Artillery firing on the American sector is becoming more active and is expected to continue.

## RED TRIANGLE REPORTS NEARLY \$75,000 TO DATE

The Red Triangle campaign workers in this city have raised a total of \$74,294.55 to date in the big drive, and at the luncheon held at the Y.M.C.A. rooms this noon, it was announced that the total for the fourth day of the campaign was \$12,171.23.

Harry L. Chaffoux and John Charles H. Allen were the largest contributors today, each giving \$1000. Donald Cameron and Reuben Dunsford had their names added to the \$500 list as the result of today's announcements. It was erroneously stated yesterday that Charles A. Brown had contributed \$1500. Mr. Brown's donation was for \$250. The error was due to a misunderstanding.

Today's meeting was featured by a few remarks from Edward N. Dingley, son of the well known Governor Dingley of 1897 tariff fame. Mr. Dingley is working on one of the Boston teams in the campaign, but he was here to visit some of his Lowell friends today, and Chairman Lockmeier seized the opportunity to have him address the workers. Mr. Dingley said that at present this country was in the fighting business and that it was up to every man in the United States to see the war through to a finish even to the last dollar. He urged that everyone do his bit in supporting the men who have gone to the front and said that the Red Triangle was the great reserve force behind the battle lines upon which the soldiers are relying.

It was announced that the team of Greek residents had collected a total of \$70 to date for the campaign, and that a much larger amount would be forthcoming later.

A large shipment of campaign buttons, 10,000 in number, will arrive in Lowell tonight and will be ready for distribution tomorrow.

A letter from Miss Ellen O'Leary, mother of the Child's home, was read, and in it Miss O'Leary expressed the wish that the campaign should be continued to page four.

### A MATTER OF NATIONAL IMPORTANCE AND URGENCY

## The Red Triangle Work

Anybody who cannot or will not give something for the Red Triangle TODAY—is either:

Giving generously to K. of C. —OR—

TOO POOR—and a case for the Lowell Social Service League. —OR—

TOO MEAN—and a case for general compassion and contempt. —OR—

TOO DISLOYAL—and a case for the Police and the Public Safety Committee to watch.

I shall be glad to have all such cards returned to me as they will make a very small but interesting collection.

Red Triangle Campaign Manager for Lowell and Suburban Towns.

Don't watch the other fellow. All can't go over the top—but the Red Triangle must "Carry On." Do your most!

Gively liberally. Don't give as though you were dividing up a Dutch treat, and only wanted to pay your share—no more and no less than the other fellow.

**LIBERTY BONDS:** Liberty Bonds! Give your bonds to the Red Triangle! If you want to give what you have paid on your bond, turn the bond over and the Red Triangle will pay the balance due on the bonds, and take the bond off your hands. This is one way of caring for the boys, and helping the Red Triangle. Where there is a will, there's a way!

Find some way to deny yourself, and if you have been in the habit of spending foolish money—stop it—and give all you can to the Red Triangle. We all spend foolish money too frequently. Cut it out, and you can help the boys a bit more. Go dry "for duration."

Let Lowell people feel that as they do their part by the boys and the Red Triangle, so much greater are the chances that their boys will be spared to them and come back victorious and in good condition.

## CAPITAL OF RUSSIA SAID TO BE BURNING

LONDON, Nov. 15.—According to press reports from Stockholm, travelers who arrived yesterday evening in Haparanda, Sweden, from Finland, say rumors are current there that Petrograd is in flames.

## HIGHER FREIGHT RATES DUE TO THE WAR

WASHINGTON, Nov. 15.—The time for considering the question of the government lending money to the railroads has arrived, Samuel Rea, president of the Pennsylvania, told the interstate commerce commission today, during cross-examination on the proposed 15 per cent increase in freight rates. Questioned as to whether it was because the government required extensive transportation facilities now and because equipment was being shipped abroad, Mr. Rea confined his answer to the statement "because of the war."

Whatever action might be taken, he stated in answer, should not affect the request for higher freight rates.

Railroad officials whom representatives of shippers desired to cross-examine appeared at today's hearings. Besides Mr. Rea, Howard Elliott of the New Haven, and G. M. Shriver of the Baltimore and Ohio, testified. John Muir, president of the Railway Investors League gave a statement favoring higher rates from what he termed the standpoint of small investors in railway securities.

Clifford Thorne, counsel for the shippers, sought to show through Mr. Elliott's testimony that the New Haven was basing its request for increases on capitalization, which the interstate commerce commission after its investigation of the road declared to be unwarranted. Mr. Elliott denied that and presented statistics of present conditions seeking to disprove the implications in Mr. Thorne's questions.

## AMERICANS KILLED AND WOUNDED

WASHINGTON, Nov. 15.—A revised report from Gen. Pershing today on the German raid on American trenches Nov. 3, puts the killed at three, the wounded at eleven, and the missing at eleven. The first report was three killed, five wounded and 12 missing.

First Lieut. William H. McLaughlin is added to the list of the wounded. Private William H. Grigsby of Louisville, Ky., previously reported a prisoner in the hands of the Germans, is among the wounded also.

## VERDICT FOR DEFENDANT AT SUPERIOR COURT

A verdict for the defendant was rendered this afternoon in the case of Bernard vs. Morin, an action of tort by which the plaintiff sought to recover \$5000 for alleged injuries received when a car was struck by the defendant's automobile. The case was tried before Justice King at the local session of the superior court.

## TO COMMAND FRENCH ARMIES IN ITALY

WASHINGTON, Nov. 15.—General Fayolle will command the French armies now being sent to Italy, according to an announcement made here today. General Foch, the chief of the French staff, is only temporarily in command of the French forces.

From Nice comes a report that trainloads of French and British troops are rolling constantly through that place on their way from France into Italy and are greeted with great popular enthusiasm.

## MEMBER OF NURSE CORPS WITH AMERICAN EXPEDITIONARY FORCES DIES IN FRANCE

WASHINGTON, Nov. 15.—Miss Miriam E. Knowles of Yardley, Pa., a member of the nurse corps with the American expeditionary forces in France, died Nov. 11 of scarlet fever, Gen. Pershing reported by cable today to the war department.

## DENIES SOFT IMPEACHMENT

WASHINGTON, Nov. 15.—Reports that Spain has been encouraging the Argentine government to refrain from a breach with Germany have elicited a formal denial from Madrid, received here by official cable today.

## RED TRIANGLE TOTAL

PROVIDENCE, R. I., Nov. 15.—The Red Triangle subscriptions in this city today totalled \$44,918 bringing the state total to \$150,221. The quota for Rhode Island is \$500,000.

## A SERIOUS CHARGE

MONTGOMERY, Ala., Nov. 15.—Zelmer Dwiggin, manager of the New York agency of the Bankers' Life Insurance Co., of Des Moines, was arrested here today, charged with using the mails to defraud investors in Liberty bonds.

## VENEZUELA'S FORMER PRESIDENT

NEW YORK, Nov. 15.—Cipriano Castro, former president of Venezuela, arrived here today on his fourth visit to the United States in four years. He was last here in September, when he suddenly departed for Port of Spain, Trinidad. On his arrival there he was informed by the British authorities that his presence was undesirable and he has now made his way back here.

## SULLIVAN ESCAPES FROM CITY HOSPITAL

BOSTON, Nov. 15.—Some time ago yesterday, John A. Sullivan, alias John McCarthy, aged 31, being treated at the city hospital for morphine poisoning, secured his clothes and made a clean escape. He was in a weak condition and physicians do not think he could have gone far.

Sullivan or McCarthy was arrested Nov. 7 on a drug complaint by Inspector Pelton and said he resided at 228 Tremont street. While awaiting trial he was remanded to the Charles street jail. Within a few days, Dr. H. H. Caburn, the jail physician, deemed the man in such shape as to require hospital treatment.

Accordingly Sullivan was transferred to the hospital and assigned to bed in Ward K. He appeared not displeased by the change, and was just about beginning to respond to the treatment when he lit out. His clothes were in a locker not far from his bed, but how he got past the nurse and the attendants in the gate office is a mystery to them. The police were given a good description.

## 2000 PERSONS KILLED IN STREET FIGHTING

LONDON, Nov. 15.—Two thousand persons had been killed in street fighting in Moscow up to noon Tuesday, according to reports brought by travelers arriving at the Russo-Swedish frontier, as forwarded in press despatches from Stockholm.

## MAKING THE GOVERNMENT'S WAR SAVINGS CERTIFICATES SAFE AGAINST THEFT

WASHINGTON, Nov. 15.—To make the government's war savings certificates safe against theft a plan has been devised for registration at any postoffice of the serials stamped attached to the certificate. Treasury officials explained to state directors of the war savings campaign who opened a two day conference here today, that the registration plan probably would be adopted by thousands of purchasers.

The state directors drew up plans for a great drive after the theft and savings stamps are placed on sale December 2 to encourage purchase as Christmas gifts. The intensive campaign will continue through the holidays and probably until the third Liberty loan is put out, sometime after January.

## FEDERAL FOOD ADMINISTRATORS

WASHINGTON, Nov. 15.—The government's activities everywhere, present and prospective, in the conservation of household commodities were discussed at a continued conference of federal food administrators from states in all sections of the country except the south at the administration offices here today.

## HOLD SILVER CONFERENCE

WASHINGTON, Nov. 15.—American and British government officials continuing conferences with silver producing interests today with a view to contracts that would mean virtual government control of the silver market.

The plan is to hold the prices down for foreign silver in the face of heavy foreign silver purchasing competition.

AMERICAN SOLDIERS  
Continued

the Germans have been shelling our trenches heavily. A number of Americans have been killed or wounded, one shell which dropped into a trench causing several casualties. American artillerymen also have been belaboring the Germans strongly and it is believed their shells have claimed quite a few victims.

Austro-German attempts to cross the Piave have been foiled generally by the Italians and the party that crossed at Zenson has not been able to debouch. Several attempts have been made to cross the river between Zenson and the Adriatic, but only in the marshland on the coast have the Germans been able to make progress, where they are under heavy fire, and it is improbable that any large number of Austro-Germans will be able to take advantage of the break, because of terrain conditions.

On the line from the Piave to Lake Garda, the Italians have retired between the river and the region north-east of Asiago, reducing the bulge in the Italian line. The Austro-German pressure here and around Asiago continues heavy. The invaders have gained some vantage points on the Asiago plateau and on Selva Communale west of Asiago. Another threat to the new Italian defense is noted in a strong German effort between Lake Garda and Lake Ledro. It was the first in this region, but was repulsed.

All the movable art treasures have been taken from Venice and the cities of Vicenza and Treviso also have been shorn of their works of art, in view of possible Austro-German success in breaking the Piave line and forcing the Italians to retire to the Brenta or Adige.

Germany's submarine campaign apparently is losing its effectiveness as British losses during the past week were only one ship over 1600 tons and five under that weight. This was the poorest week the submarines have had since the beginning of ruthless warfare in February.

Although Petrograd has not been in communication with the world cable station in Finland for several days, reports from Scandinavia persist that Premier Kerensky has gained control of the capital. Reports come also from Sweden that the Bolsheviks maintain their hold on Petrograd and are preparing for a stout resistance against the forces of Kerensky and Generals Korniloff and Kaledines.

In Moscow the Bolsheviks apparently have been overpowered, an unofficial report received in Copenhagen being to the effect that Gen. Korniloff has taken the Kremlin, where the extremists were besieged several days ago. An other rumor says that Siberia has announced its independence and proclaimed former Emperor Nicholas as emperor.

Challenged in the British house of commons yesterday to explain his Paris speech on the needs for an inter-allied war council, Premier Lloyd George read the terms of the agreement, which, he declared, made it clear that the council was merely advisory. Formal debate on the inter-allied council will begin in the house next Monday. Negotiations for the formation of a new French cabinet are proceeding.

**Two Steamers Sunk**  
AMSTERDAM, Nov. 15.—German newspapers announce that the Brazilian steamers Acary and Guanyba have been sunk by submarines.

**American Prisoners**  
AMSTERDAM, Nov. 15.—German illustrated papers, received here yesterday, reproduce photographs of "types of the first Americans captured on the western front."

**Revolutionary Committee**  
STOCKHOLM, Nov. 15.—The revolutionary committee, formed in Sweden according to a despatch from Haparanda, has taken measures for revictualing the Russian capital. Arrangements have been ordered to continue their work without interruption.

**War Zone Refugees**  
ROME, Nov. 14.—Four hundred thousand refugees from the zone of the western military operations have reached the central and southern provinces. Maj. Grayson M. P. Murphy, head of the American Red Cross commission in Europe, is taking measures to contribute to their relief. Their principal requirements are woolen clothes, blankets and shoes, which cannot be purchased in some districts.

**Italian Art Treasures**  
GENEVA, Nov. 15.—The emperor and empress of Austria-Hungary are appealed to by the Journal De Geneve to save Italian art treasures in a petition which it is circulating among art lovers in Switzerland for signatures before forwarding to Vienna. The appeal describes the treasures as the common patrimony of civilized humanity. The damage to them, it says, would cause profound sadness to the whole world and bring unanimous reprobation.

**Belgian Communication**  
PARIS, Nov. 14.—The Belgian communication issued by the war office tonight says:

"Enemy aviation carried out a raid on the night of Nov. 13-14, and dropped a number of bombs on Adinkerke, Panne and Furnes, causing a number of victims among the civilian population. North of Furnes one of our detachments exploded a mine near the German lines."

**King of Saxony**  
AMSTERDAM, Nov. 14.—The king of Saxony in a speech from the throne at the opening of the Landtag promised bills for the reform of the upper and lower houses of the Saxon diet.

**Evacuation of Venice**  
VENICE, Nov. 14.—The evacuation of Venice is almost complete, this city having undergone the same treatment as Treviso and Vicenza with the difference that here the art treasures were numerous and of such colossal proportions that an army of workmen was required to transport them. The great pictures, carvings, bronzes and statues and similar art treasures were transported easily, being removed at the beginning of the war.

The present removal of art treasures included the heaviest work which up to this time had been protected by sand bags or hid in cellars. The most important was the Bartolomeo Collection monument, the last work of Andrea Verrocchio, the master of Leonardo da Vinci. The four gilded bronze horses from the Basilica of St. Mark also were removed.

**American Casualties**  
OTTAWA, Ont., Nov. 15.—The following American casualties with the Canadian forces in France were reported today:

Wounded—Private J. Dexter, Brockton, Mass.; A. McDonald, Westbury, Mass.; E. L. Corvill, Fort Fairfield, Me.; A. McDonald, Malden, Mass.

**In Northern Italy**  
BERLIN, Nov. 15, via London.—German troops on the coast of the Adriatic in northern Italy are advancing to the south from Fossano and Feltrina, says today's official communication.

**American Flag First**  
ST. JOHN, N. B., Nov. 15.—A small American flag was first over the top of Vimy ridge in the famous charge of Canadian forces, according to J. J. Allen of this city, who today with wounded troops from the provinces. When the order to charge was given Allen said he pinned the Stars and Stripes to the crest of Vimy ridge. He was wounded three times in the day's fighting, but saved the flag.

## HARRY W. J. HOWE DIES AFTER BRIEF ILLNESS

### ARMOUR & CO. HOLDS FORMAL OPENING

Harry W. J. Howe, well known in business circles and as a member of the waterways commission, died yesterday afternoon at his home, 4 Bligh Avenue, after an illness of short duration, due to nervous breakdown. Mr. Howe was a very active man, interested in the welfare of the public and to him was due much of the credit for the manner in which the canals, rivers and brooks within the confines of Lowell are protected so that civilization will not take their lives. He was also instrumental in the selection of

THE LATE HARRY W. J. HOWE

the swimming pool on the boulevard side of the Merrimack river. The deceased was the son of Alfred and Georgianna Howe, the former for many years a well known real estate man. Harry W. J. Howe was born in Vermont about 45 years ago and after receiving his education in the Pawtucket school secured employment as a trainman on the Boston & Maine railroad, after which he entered business with his father. He latterly engaged in the real estate business.

Mr. Howe was appointed a member of the waterways commission when organized and took deep interest in the work. Two years ago he compiled a list of all the drownings in the local waterways so far as recorded in the local press. In most cases nearly to a thousand names. Mr. Howe was a man of the most humane and kindly instincts. The death of a child by drowning in the rivers or canals seemed to affect him so deeply that he went to the scene and actually took charge of the work of recovering the body. Then he would make the occurrence the subject of a fresh appeal for better protection against such accidents.

The deceased is survived by his mother, Mrs. Georgianna Howe, and two sisters, Mrs. Norman L. Peavey of Dracut and Mrs. Eugene Hodge of Nashua.

## ORDER OF MOOSE HEAR

### JAMES F. MISKELLA

A well attended and enthusiastic meeting of Lowell lodge, Order of Moose, was held last night in Odd Fellows building. Dictator John E. MacCallum presiding. A large number of applications for membership were received and referred to the organization committee. The latter committee reported that everything is in readiness for the monster class initiation which is to be held on Sunday afternoon, Dec. 3.

At the conclusion of the business meeting a smoker was held and a musical and literary program was carried out. James F. Miskella gave an interesting address on fraternalism. He spoke in part as follows:

"Permit me, my brothers, to offer my sincere congratulations to those who labor for the success of the lodge, and to the members who have gathered here tonight at the call of the lodge."

"It must be a source of satisfaction and pleasure for the pioneers of the organization to contemplate its wonderful growth and power among the fraternal organizations of this country. The tremendous growth of the order in this country has attracted attention from all thoughtful men, who look to the future and wish to protect themselves and their families."

"Ten years ago this society consisted of two lodges and its entire membership was about 250 members. Today our order consists of 1560 lodges and our membership number is 650,000. The treasury of the order of the ten years ago was very low. Today the supreme and subordinate lodges have assets in excess of \$10,000,000. The order has paid in sick and funeral benefits more than \$12,000,000. The order has given to special relief when called on more than \$500,000. The order has prospered beyond the expectations of its founders, materially and numerically. It has gained the confidence of its officers, its members and the general public."

"The influence of such an organization as the Moose and kindred associations must be of immense value to any community. To be affiliated with such an organization has a wholesome effect and makes for a more self-reliant citizen and a happier home."

"Much has been accomplished by our society; it is a magnificent organization and doing a wonderful work, caring for its sick and distressed members and always ready with timely aid. But much remains to be done. You know the watchword of your supreme officers. They are: 'I, 1,000,000 members of the order in the coming two years, if we are to make the progress we hope for, we must work hand in hand with the officers and directors of our society. They need our assistance and they are worthy of it. With such an organization as ours there is no limit to the good we may accomplish. Let us, if the occasion presents itself, make sacrifices for each other, as did the founders of this organization. Let us be true to ourselves; true to the brothers of the society. Let our watchword be to do everything in our power to advance the material interests of each and every member of our fraternity, to the end that our society shall hold its place as one of the leading fraternities in the country.'"

## AMONA CLASS OF FIRST BAPTIST CHURCH HELD GENTLEMEN'S NIGHT

The Amona class of the First Baptist church held a gentlemen's night last evening at the home of Miss Mildred and Eva French, 212 Parkview Avenue. A series of very amusing and interesting games were played. During the evening piano selections were given by Miss Gertrude Dyer and organ selections which were much enjoyed by Miss Mildred French. Refreshments were served by Miss Mary Mitchell. Among the invited guests were two Y.M.C.A. secretaries from Camp Devens. The evening proved quite enjoyable to all present.

## THE SPELLBINDER

Appropos of the Red Triangle campaign in this city, I have handled a large number of letters from soldiers in all branches of the service and all parts of this country as well as England and France, and almost 99 per cent. of them have been written on Red Triangle letter paper while a large percentage of them have referred to the work of the Y.M.C.A. Letters from the engineers in England, the railway engineers and the infantry in France have come on Red Triangle letter paper as well as those from the training camps in our own country showing that the Red Triangle is right on the ground. ### Don't Forget the Sailors

This is the last day for sending away your Christmas gifts to the boys across the sea, and in preparing these gifts don't forget Lowell's sailor boys of whom we have about 320 enlisted. Some are near home and others far away. Recently a party of sailors from Lowell were present and collected for Christmas boxes for the Lowell boys in the service. I have been informed that if anyone has any gift to send to any Lowell sailor and doesn't know how to reach him, if he will send it care of Chaplain Stone of the Boston navy yard, the latter will see that it reaches its destination. One of the sailors who was here last week informed me that the boys are still giving their mess-mates glowing accounts of the happenings in Lowell on Soldiers' day when Mayor O'Donnell got leave of absence for all the sailors as well as the soldiers and they were entertained in this city.

### Speculation as to Vote

There is much speculation as to the number of votes that will be cast in the coming mayoralty primaries. Two years ago slightly over 13,000 votes were cast for mayor but this year with

the soldiers away from home there is much discussion as to how voters will appear at the polling places on next Tuesday. The number of soldiers absent from Lowell is estimated as high as 2300 and practically all of them are voters. The boys at present at Camp Devens are but a small minority of the entire number though 2300 seems a large estimate. The total registration is in the vicinity of 16,000. Undoubtedly, however, of those who are in Lowell a large proportion will vote in the primaries.

## RECEPTION TO 76TH DIV. FROM CAMP DEVENS

The members of headquarters troop, 76th division, Camp Devens, will not soon forget Lowell for her generosity after the splendid reception which the boys in olive drab received last evening in Associate hall. The occasion was the "all girl" minstrel show and dance which Lowell people had been hearing about for the past fortnight. The proceeds were to be given over to the headquarters troop for their own

## LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

Make the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon, skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Cure should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is an ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

especial benefit, and it is safe to say that the men went back to their barracks last evening with an added burden of several hundred dollars in their kits.

Nearly 1200 people filled the roomy hall, and from the opening overture down to the grand finale there was enthusiasm galore. Soldiers from all over New England were present and their uniforms lent a military touch to the scene. After the minstrel show, general dancing was enjoyed until midnight. The minstrel show program was as follows: Overture, entire company, solo sustained by Mrs. Florence Saxon; solo, "For You, a Rose," Miss Florence McManis; end song, "Lily of the Valley," Lillian McPherson; Fox; solo, "Kiss Waltz," Mrs. Florence Saxon; solo, "Love's Lullaby," Miss Helen Kennedy; selections by the Headquarters Troop trio, Corp. ### TAG DAY FOR RELIEF OF SUFFERERS IN ARMENIA AND SYRIA

In accordance with a proclamation issued by President Wilson, the American Armenian and Syrian relief committee of this city will conduct a tag day for the relief of the millions of sufferers in Armenia and Syria next Saturday. The president's proclamation was for tag days to be conducted on Nov. 17 and 18, but the American committee changed the dates to Nov. 10 and 11, but in Lowell the affair had to be postponed on account of the opening of the Red Triangle campaign.

Next Saturday young women authorized by the committee will patrol the streets of Lowell, selling tags in an endeavor to raise a fund, while the following day (Sunday) collections will be taken up in the local churches. Clergymen of all churches, irrespective of denomination, will be asked to do

over it. The lameness, stiffness, dull, tired feeling, nervousness, dizziness, rheumatic pains and urinary trouble should go, too. Use DOAN'S KIDNEY PILLS. You can have faith in this medicine, as it is publicly recommended by Lowell people.

## The Remedy Lowell Endorses

CENTRAL STREET	WEBSTER STREET	SOMERSET STREET
James W. Hartley, machinist, 942 Central St., says: "I strained my back and this caused my kidneys to get out of order. I was sore and stiff and could hardly do any stooping or lifting. My kidneys acted irregularly. I got Doan's Kidney Pills at the Davis Square Drug Store and they promptly rid me of the trouble. My kidneys were put in good condition and my back got strong and well. I am grateful for this benefit."	Mrs. J. McKenna, 9 Webster St., says: "My kidneys never trouble me until after I had a bad sickness. Shortly after that my back began to ache and was terribly weak. The trouble seemed to bother me more in the morning and at times I could scarcely do my housework. I felt worn out and depressed and had severe headaches. I read of Doan's Kidney Pills and got some at Liggett's. After taking a few, the ache and the dizziness went away. I kept on taking Doan's until they relieved me of all that trouble and I owe my present good condition to them."	F. O. Townsend, city fireman, 11 Somerset street, says: "I had a lame, weak back off and on for years before I took Doan's Kidney Pills. There was a dull, constant throbbing across the small of my back and I found it hard to do any lifting or bending on account of my back being so stiff and sore. The trouble kept getting worse. The kidneys secretions began to pass too freely and I had to get up at night which broke my rest. I saw Doan's Kidney Pills so highly recommended, I got a box at Riker-Hegeman Co's drug store. After taking the first box, I felt better and when I had taken several more I was cured of kidney trouble."
WILLIE STREET	BROADWAY	ROCK STREET
Mrs. Patrick McCarthy, 77 Willie street, says: "I was all run down with kidney trouble. I suffered constantly from pains across my kidneys and dull, nagging backaches. My kidneys gave me a great deal of trouble. I had but little strength and could hardly get about to do my housework. I had headaches and dizzy spells. I doctored for several months, but got no relief. I read of Doan's Kidney Pills and tried them. They cured me and I do not have any more of that trouble now."	Lawrence R. Eaton, 24 Broadway, says: "My kidneys were very weak and I had to get up every little while during the night to pass the secretions. There was a brick dust like sediment in the secretions and they burned terribly in passage. My back pained me a great deal and most of the time I could hardly do anything. One of my neighbors told me to try Doan's Kidney Pills and I did so. I could see that they were helping me and I kept on taking them. Gradually my kidneys became normal and my back was as strong as ever."	Mrs. Louis Stone, 74 Rock street, says: "I was a great sufferer from kidney trouble and was never free from backache. My limbs ached and pained me and I had dizzy spells and headaches. My limbs and ankles were swollen and I could just about keep going. My kidneys didn't act right and annoyed me. Doan's Kidney Pills helped me wonderfully and made my back stronger and my kidneys act regularly."

## PARTIAL ECLIPSE OF THE GAY WHITE WAY

NEW YORK, Nov. 15.—The partial eclipse of the millions of electric lights forming hundreds of mechanical advertising displays that has gained for Broadway the sobriquet of the "Gay White Way" will occur for the first time at dusk tonight. Until 7.46 p. m., the ordinary street lights will have to suffice. After that time, however, visitors and the usual crowd of theatre-going New Yorkers will be permitted to bask in the brilliance until 11 o'clock, when war-time darkness will again prevail to those who seek the light companies to this a supplement to their tariff schedules.

Retail merchants of Fifth avenue today began a campaign of their own for the conservation of coal used for the electric illumination of signs and show windows.

## SHORT SALES ON N. Y. STOCK EXCHANGE

NEW YORK, Nov. 15.—Short sales on the New York stock exchange will be further restricted, beginning today by the latest ruling of the board of governors, requiring all traders to supply each day before noon a detailed account of every transaction handled during the preceding session. The new ruling has especial reference to members who trade for their own account.

Under the restrictive measure aimed at "viewless" short selling, adopted Nov. 1, brokers were required to report the names of short sellers only through the medium of stocks borrowed for them. It was found that this rule did not cover those who sold "short" and covered their commitments before the close of business on the same day. This procedure, it was held, necessitated no borrowing of stock. The new rule now demands that the name of every short seller be reported daily.

As a market factor, short selling has not figured prominently on the exchange for the last two weeks, but the governors, in their action taken yesterday, felt that the added restrictions will serve to prevent any undue market pressure in times of stress.

## WELL KNOWN MUSICAL DIRECTOR PASSED AWAY AT ST. JOHN'S HOSPITAL YESTERDAY

William H. Way, well known as a musical director, died yesterday at St. John's hospital after an illness of a couple of months. Mr. Way had not been in good health for several years, but up to about a month ago he had managed to be out and to enjoy an interest in musical affairs. For over a couple of months ago he organized, directed and staged an amateur musical event, which was great success.

Mr. Way had studied music in New York and Europe and had a number of years he was director of a large musical company in this country, traveling from coast to coast. In 1901 he settled definitely in this city and taught piano and vocal culture. He leaves to his three children, George, Henry and Lillian, a large musical property. # But Two and One-Half More Days Remain of Our First and UNUSUAL ANNIVERSARY SALE

Tomorrow and Saturday (we closed today at noon) are the last opportunities to "get-in" on this sale.

Owing to the small margins coming to us on the low prices we have placed on all articles, it would be an act of irresponsibility to extend this sale for a longer period than originally intended.

To our customers as well as to ourselves, this sale has proven to be the biggest event of its character ever conducted here. Think of it! A practically new stock of men's wear of every description thrown on sale at from 25 to 33 and one-third per cent. reductions in the old prices—the words, "old prices" are used advisedly as such bargains as we offer are not to be had in these days of war-inflated manufacture and selling costs.

THE CHANCE TO BUY THESE GOODS AT THE PRICES QUOTED IS YOURS NOW—NEXT WEEK WILL BE TOO LATE—BUY TOMORROW OR SATURDAY AND BUY RIGHT.

## DIVISION 1, A.O.H. MEETING

There will be a special meeting of Division 1, A.O.H. this evening in Hilberian hall and among the important business which is scheduled to be transacted is the nomination of officers for the coming year.

Plans for the 51st anniversary of Division 1 are fast coming to a head and the event promises to be one of the biggest social events of the winter. Division 1, according to the national organ of the A.O.H., is the oldest division in the United States which has complete records of its transactions since its first meeting. The members are justly proud of this distinction and for this reason are exerting every effort to have the anniversary marked with a fitting celebration. Committee reports on the progress of the plans will be heard at a meeting to be held in the near future.

## AMERICAN AVIATORS ON WESTERN FRONT

COPENHAGEN, Nov. 15.—Capt. Baron von Richthofen, Germany's leading aviator, expresses himself as unconcerned over the reported preparations to place 30,000 American aviators on the western front. He believes it will be impossible to get together that many trained pilots, as the training is long and costly and involves heavy casualties. The new comers, he says, will, particularly at first, be unable to judge the military conditions and at least 25 per cent. of the machines will be disabled during the long transport.

Lieut. Gen. von Ardenne of the Berliner "Hageblatt" who reports this conversation with von Richthofen at the Flanders front, adds that the German air service which evidently has been forewarned by newspaper discussion of American plans, is steadily increasing the number of aviators and machines.

German fighting airplanes, Gen. von Ardenne says, now carry wireless receiving outfits, which enable them to engage in combat promptly with enemy fliers. This is necessitated by new conditions on the Flanders front where whole squadrons of allied machines can appear over the German lines in a surprisingly short time. German squadrons starting from the ground to meet the invaders would be too late, so they must constantly be in the front lines either flying or ready for flight.

German aviators say they have noted recently that a majority of the British fliers in Flanders are showing themselves in the Dixmude section of the front instead of the region of Passchendaele.

Gen. von Ardenne discloses various new developments of the Flanders fighting, among them the decrease in the use of hand grenades, which in close fighting are as dangerous to friends as to foes. They are being displaced by light machine guns and special units whose task is to seek out enemy batteries by sight or hearing.

## JOHN W. FOSTER DIED AT WASHINGTON TODAY

WASHINGTON, Nov. 15.—John W. Foster, former minister to China, dean of the American diplomatic corps, and father-in-law of Secretary Lansing, died here this morning after a long illness. He at one time was secretary of state.

With a record of practically a half century of continuous service in diplomacy and the practice of international law, John Watson Foster had a fair claim to the title of dean of the diplomatic service of the United States. He had been secretary of state under President Harrison, succeeding Blaine when the latter resigned after his sensational quarrel with the chief executive, and had held three separate commissions as a minister plenipotentiary. Besides that he represented the United States in many special treaty negotiations, had acted as its agent before international commissions, and even had been called into the service of foreign governments.

As secretary of state his most notable act was a treaty with the Americans in Hawaii who had been concerned in the overthrow of the native queen, providing for annexation of the islands to the United States. President Harrison's administration was drawing to a close and before the treaty could be ratified by the senate, President Cleveland took office and withdrew it as his first official act.

Mr. Foster's notable services to his country in diplomatic capacities abroad were successively as minister to Mexico, minister to Russia, minister to Spain and as a special plenipotentiary to negotiate reciprocity treaties with Brazil, Spain, Germany and the British West Indies. Following that he became secretary of state. Later he became the agent of the United States at Paris in the Hague Sea arbitration and at the close of the war between China and Japan was invited by the emperor of China to officiate in the peace negotiations.

While the inviolator was particularly extended by the emperor Mr. Foster was really invited by Li Hung Chang who describes the occasion in a volume of his published memoirs, speaking affectionately of Mr. Foster, not alone as a personal friend but as a representative of the friendship of the

UNITED STATES FOR CHINA IN HER HOUR OF TRIAL.

The Great Chinese statesman frankly acknowledges how valuable was the counsel of the American friend at a moment when he was confronted with the almost hopeless task of preserving his country against the demands of the victor. Later the Chinese government chose Mr. Foster as its representative at the Second League Conference in 1907.

Soon after the peace conference Mr. Foster went to Russia and Great Britain on a special mission for the United States. On his return he became a member of the Anglo-Canadian commission. Then he became the agent of the United States at London before the Alaska boundary tribunal. His last public work was as China's representative at the Hague in 1907.

Thereafter he lived in comparative retirement in Washington writing his memoirs. His daughter became the wife of Robert Lansing, secretary of state in President Wilson's cabinet, and continued to make her home with him. It is no disparagement of Mr. Foster to say that the many delicate diplomatic negotiations which confronted him as an outcome of the European war, to say that he doubtless enjoyed the counsel and the experience of his distinguished father-in-law.

Mr. Foster was born in Pike county, Indiana, March 2, 1835, the son of a lawyer. He entered law at an early age and served in the union army as an officer.

On his eightieth birthday anniversary, March 2, 1915, President Yuan Shikai conferred upon him the Order of The Golden Grain, the highest order of merit within the gift of the Chinese government. Yuan had been the commanding general of the Chinese troops in the clash with Japan which brought on the conflict Mr. Foster took a part in adjusting.

The immediate cause of the venerable diplomat's death was an aneurismic trouble, although his advanced years and failing health had given his family great concern for more than a year.

## Counterfeits.

Read what one of the GREATEST NEWSPAPERS IN AMERICA has to say on this subject:

"The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trademark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.—Philadelphia Bulletin.

## Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Conger Bros. of St. Paul, Minn., say: "Fletcher's Castoria is certainly full of merit and worthy of recommendation."

C. G. A. Loder, of Philadelphia, Pa., says: "For 20 years we have sold Fletcher's Castoria and are pleased to state that it has given universal satisfaction."

The Scholtz Drug Co., of Denver, Colo., says: "Fletcher's Castoria has surely become a household word. Seemingly every family where there are children uses it."

Hoagland & Mansfield, of Boston, Mass., say: "We have nothing but good to say about your Castoria and we do not hesitate to give it our unqualified endorsement."

Riker's Drug Stores, of New York City, say: "Fletcher's Castoria is one of the oldest and most popular preparations in our stores. We have nothing but good to say about it."

Wolf-Wilson Drug Co., of St. Louis, Mo., says: "Of the thousands of patent medicines for which we have demand there are a very few of them that we can conscientiously recommend and your Castoria is included in this few."

D. R. Dyche & Co., of Chicago, Ill., say: "The increasing demand for your Castoria shows that a discriminating public is not slow to seek out a remedy of merit and once convinced that it does all and even more than claimed they do not hesitate to recommend it to their friends."

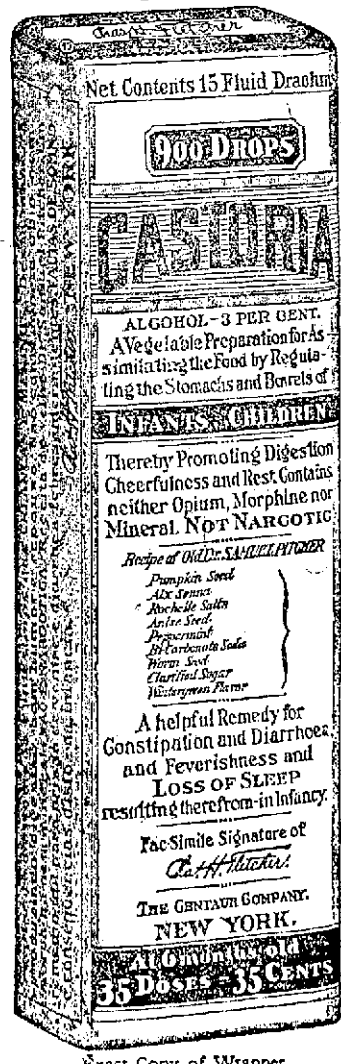

The Owl Drug Co., of San Francisco, Cal., says: "We have always been a believer in the 'original man protection' and have been particular never to sell anything but the genuine and original Castoria (Fletcher's). We have many calls every day for this article from people who say they would not be without it in their homes."

## CIVIL SERVICE EXAMS TO BE HELD HERE

Local civil service examinations will be held in this city as follows: Dec. 6 for clerks and messengers, firemen, foremen of laborers, inspectors of work, janitors, engineers of public buildings, policemen and water inspectors.

Dec. 10. Civil engineers. March 16, 1918. Stenographers. Only citizens of the United States who have been residents of Massachusetts for one year and of Lowell for six months last past have a right to apply.

## POLISH LABORERS ARE LIVING IN SEMI-SLAVERY IN GER-MANY

COPENHAGEN, Nov. 15.—The conditions of semi-slavery in which Polish laborers in Germany are living is illustrated by an advertisement appearing in a recent issue of the Deutsche Tageszeitung offering to exchange fifty Polish laborers, 20 men and 30 girls for the same number of other hands.

One of the first acts of the newly formed Polish council of regency was to submit a demand for the better treatment of Polish workers.

ROOM 604 SUN BLDG. TEL 4016

# THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor  
SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.  
Member of the Associated Press  
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

The German pickets are still making themselves obnoxious in Washington. It is inconceivable that women who have any interest in this nation would pester the government, and particularly the chief executive, as they do.

Secretary Baker's weekly review of the war news helps the average reader to understand the situation and to decide between the reports that are true and those that are not true. Yet it is mainly confirmatory of the despatches of The Associated Press.

China protests that she should not be made the subject of an international agreement between the United States and Japan. She does not seem to realize that she will be protected by the eastern Monroe doctrine just as the South American nations are by that doctrine as enforced by the United States.

District Attorney Tufts must be given the credit of keen insight into the conditions prevailing at city hall relative to the removal of city officials by the trio that constitutes a majority of the board. When he refers to the Foye case as "saturated with local politics," he certainly applied the appropriate epithet.

Germany is drafting the young girls of the province of Alsace to work for the army, or perhaps to help increase the population. It is Germany's policy to destroy every piece of territory with which she may have to part at the conclusion of the war. These girls, like the women of Belgium, will probably never be allowed to return, and if Alsace be turned over to France at the end of the war, its people will be largely German.

**PART TIME SCHOOL**  
The part time plan at the Vocational school is a good thing for the boys who cannot give all their time to school. An arrangement under which they can learn and earn should be encouraged. The boys, after spending three days in the school, learning a trade, get an opportunity to practice in one of the factories or machine shops and are fairly paid for their service. This plan is one that tends to the boy's physical and mental development while leading him into the acquisition of a useful trade.

**THE TUMULTU CANARD**  
The false reports relative to Secretary Tumulty to the effect that he was arrested as a spy and imprisoned probably arose from the fact that since the information bureau was established, he has not been called upon to such an extent for news. Only those who are opposing the government and doing the work of the enemy under various pretenses have anything to fear from the species of espionage practiced by Mr. Tumulty. It was probably these people who started the canard relative to his arrest.

**WAR LOANS IN GERMANY**  
War loans in Germany amount to just so much exchange of paper between the government and the people. The workmen and their employers are paid in pieces of government paper—Germany's promises to pay. These papers are good for their face value in Germany—because people have to take them at that value. They are good for their face value nowhere else in the world.

Even in the last year of our Civil war, when the surrender at Appomattox was in sight, the confederate people could have floated millions of dollars worth of bonds, when there was hardly a dollar of real money in the southern states.

When the government announces a new loan the obedient German people hand in their paper money—government promises to pay—and take in return government bonds—more promises to pay. Little if any real coin is involved.

The government apparently has made no provisions against the reckoning in the future. No arrangement has been made for paying off part of the indebtedness by taxes or a sinking fund. The Prussian war-makers were so sure they would conquer that they assured the money lords they would make the enemy pay Germany's debts. But the war has gone to the point where all the German inner circles realize they cannot obtain indemnities anywhere. This means their finances are pyramided to a point untenable in history.

The day of reckoning will come. Even when peace reigns once more, German promises to pay will be of little value outside of Germany. Cold-blooded bankers will see simply pieces of paper proffered by a nation head over heels in debt, which will be hard put to it to pay the interest, much less the principal. They will want to see the color of Germany's gold and silver. And if Germany complies, it will not be long before the empire is completely drained of all its metallic currency. On the other hand, if it hoards its gold and silver, it will largely bar itself from the marts of the world. The Kaiser is entitled to all the pleasure he is able to extract from the present and future financial situation of his deluded people.

## NEW ALLIED POLICY

In his speech on the blunders of the war on the part of the allies, Premier Lloyd George in Paris the other day laid bare the chief reason why the war has not been ended long ago. It was as he said, a speech of "brutal frankness," but it was the downright truth.

The allies were in the war combined against the Teutons, but up until the present time each belligerent fought on a plan of its own, practically without any real co-operation with the others.

Thus there was, as we have repeatedly shown, a lack of joint action and of combined effort to secure the best results. It was such blunders that enabled Germany to capture Serbia, Montenegro, Rumania and, more recently, the north of Italy.

On the side of the central powers, everything was done under the supervision of Germany and thus Bulgaria, Turkey and Austria were protected against the power of the allies. German generals and strategists supervised the military movements of every nation fighting on the side of Germany. Thus they were all held to the promotion of the general plan and were effectively aided when aid was necessary.

On the side of the allies, there was a total lack of general supervision of operations against Germany. England set out to take the Dardanelles on her own account and was obliged to abandon the project as impracticable. Had she secured the co-operation of Russia from the Black sea, the task might have been accomplished without as much loss of life as was incurred in the failure. Serbia was captured and laid waste while the allies were unable to furnish relief, and so with Rumania, that had been allowed to go out on a campaign of its own until Germany swooped down upon her and conquered most of the country.

The same policy has been responsible for the invasion of Italy which might easily have been prevented if the campaign had been conducted as a part of the general front and not the special work of Italy single handed.

Lloyd George has declared for an inter-allied war council without which the allies could not conquer Germany in twenty years. As a result of this new policy, the resources and strength of the allies will be applied where they will have the most telling effect on the enemy, and greater efforts will be made to safeguard each of the belligerents in its operations against the enemy.

Even at this late day, it will be well if the allies can adopt a policy that will save them from such colossal blunders as those which have followed them since the beginning of the war.

## SEEN AND HEARD

Fletcher street cars are as scarce as sugar.

Any woman can manage a man easy enough by letting him do exactly as he wants.

This increase of the postage rate to three cents an ounce will be a heavy tax on authors.

No man who rides in a taxicab when he could take a street car instead, or walk, has any good reason to complain about the high cost of living.

The letter carrier could tell you who on his route gets the most envelopes with insidious fronts after the first of every month—and sometimes in between.

If a plump girl is real thoughtful, after she comes to weigh more than 120 pounds, the saddest thing in the world, for fear she may break down the scales.

And Never Give It a Thought  
Willis—Did you ever read the story of the sword of Damocles? Just think of a man sitting through a whole meal with a sword above him suspended by a single hair.

Gillis—But he isn't in it with the woman who can dance serenely all evening with her whole wardrobe depending on a dinky little shoulder-strap.—Stray Stories.

The False and True  
The president of a bank, when asked by a young clerk how he could distinguish the counterfeit bills from the good, said: "You familiar with the good bills, and you will recognize the bad bills at sight."

Here is a vast volume of general wisdom summed up in a single sentence. This handy advice applies not only to the detection of counterfeit

money, but with equal force to the detection of counterfeit in all departments of life.

The man accustomed to handling only good corn, good potatoes, good diamonds has no difficulty in detecting the faulty. He does it intuitively. Even without recognized thought he fixes upon the fault. The skillful egg-candler passes good eggs before the light with a rhythmic rapidity that is amazing, but an imperfect egg instantly breaks his routine and interrupts his process. To the trained musician, accustomed to high grade work, a note comes like a stab of pain.

In any occupation or line of endeavor any man fully engaged in doing the right thing will have no difficulty in recognizing the wrong. The light and wrong are as far apart, as unlike, as day and night; and he that is most accustomed to the light is quickest to note the shadows.

There is only one way to know the bad, the imperfect, the false, and that is by knowing the good, the perfect, the true.—The Christian Herald.

## A Civic Military Salute

They have a new fuel administrator in Columbus, O. His name is H. H. Johnson. When he arrived at the capitol the state house employees came around with commiserating grins and asked him how he liked his job.

"A good soldier simply obeys orders," replied Johnson, with a military salute.  
Now, there's nothing especially military about this man's new job. He had anything to do with anything but law. But that soldierly lifting of his hand was catching. The grinning of the soldiers found themselves returning the salute, while the grin left their faces.

And Johnson kept it right up. "Troubles came thick and fast. And every time anybody entered his office, whether an official or citizen, the coal administrator greeted him with the military salute. Pretty soon everybody in the office was doing it automatically. When nearly everybody in the state house was doing it, the coal administrator found himself saluted and saluted as they passed to and fro through doors or past desks. The miscellaneous public caught the trick. That old capitol building began to remind people of an army cantonment.

Then they found that the fresh military atmosphere was blowing away the accumulated stink of power, and red tape. Things moved faster. Men worked harder and more effectively. There was an infectious spirit of cheerfulness, energy and determination.

Really, there must be some magic in a military salute.

## Worshipping Mars

Man's universe is in its place today and in the full glare of popularity's spotlight. It's kingdom come. Fickle woman is once more kneeling before the shrine of idolatry. Man, the hero, pampered and petted, has come into his own.

It's no sworn secret that the young males of the social set who resigned their dinner dances and evening engagements for the smart uniform of the military officer have been lionized. The sedate social customs of the past, carefully concealed away on the inside, daily bids for front page prominence, as it reveals society's scores of the social set. All this has been openly recorded in the sacred precincts of the society column.

But, drifting along with the gossip, came the tidings that the young debutantes, yes, and even the subdebs, have been bestowing countless numbers of gifts, useful and useless, upon their individual heroes. There is good authority for this, in some cases, has sanctioned the practice; in others—O, well.

Anyway, most of the young men who returned in full with a commission from the president have been recipients of wrist watches, swigger sticks, silver identification disks, engraved spurs and what not. Several have received a few gifts, the more prominent received dozens, and those whose experience on the highly polished dance floors will be missed this winter have accepted scores. All to serve as remembrances of the girls they left behind them.

Names of senders and recipients—even the individual gifts—could be mentioned. But—really too much has already been told. And besides, the calm is more pleasant than the storm.—Chicago Evening Post.

## Hoover's Goin' To Get You

The damned old Hoover, pledge has come to our house to stay; To frown our breakfast bacon down, and take our steak away; It cants our morning waffles, and our sausage, too, it seizes; And dilates on the succulence of corn, and spuds and beans.

So skip the sugar in your cake and leave the butter out, Or Hoover's goin' to get you if you don't.

Watch Out!

O, gone now are the good old days of hot cakes, thickly spread; And meatless, wheatless, sweetless days are reigning in their stead; And gone the days of fat rib roasts, and two-inch T-bone steaks; And doughnuts plump and golden brown, the kind that mother makes.

And when it comes to pie and cake, just learn to get out, Or Hoover's goin' to get you if you don't.

Watch Out!

So spread your buckwheats sparingly, and peel your taters thin; And tighten up your belt a notch, and don't forget to grin. And if, sometimes, your whole soul yearns for shortcake high and wide, and biscuits drenched with honey, and chicken, butter fried.

Remember then that Kaiser Bill is short on sauerkraut, And Hoover's goin' to get him if he'll.

All Help Out!

—Nobel H. Clapp in Ladies' Home Journal.

## CORP. DONOVAN WRITES FROM FRANCE

Another interesting letter has been received from Corp. John J. Donovan of the Railway Engineers and judging from the opening lines in which he regrets his inability to describe all that is happening, something big must be taking place.

Corp. Donovan's letter reads as follows:

France, Oct. 19, 1917.

Friend Jim:  
I would like to give you more about this fierce contest that is going on over here, but the censors would put their taboo on it and so I am giving you everything in the line of war news that I am permitted to write. I'll try to give you all the news about the Lowell boys in our company, Company

associates and it did not fail to cure in any case."

It is not obtainable at your druggist's send \$1.00 to Dr. Pierce, Invalids Hotel, Buffalo, N. Y., and he will mail direct a package of Favorite Prescription Tablets.

Mrs. E. C. Billings of 10 Girard ave., Springfield says: "Some years ago, after my first child came I was in a very bad condition. I was all rundown, my blood was very weak. I began taking Dr. Pierce's Favorite Prescription and Golden Medical Discovery. These medicines gave me wonderful relief—brought me up and purified my blood. I also took 'Pleasant Pellets' and found them equally as good.

"Dr. Pierce's medicines are all of the very best and I can heartily recommend these remedies to any one wanting, or in need of help."

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills. These tiny, sugar-coated, anti-bilious granules—the smallest and easiest to take. Made up of May apple, the dried juice of the leaves of aloe and the root of jalap. Almost every drug store in this country sells these vegetable pellets in vials.

Mrs. Maye Martin, who lives at 6 Claffin st., Framingham, says: "Some time ago I was suffering with woman's weakness so that I was scarcely able to do my work. A friend advised me to try Dr. Pierce's Favorite Prescription and I took a couple of bottles with splendid results. I gladly recommend this medicine for woman's ailments."

B. As I mentioned in a previous letter our company is no more intact, as they are all over France while some are in England. You know a number of them are proficient in the professions and are in great demand. I would not be surprised if a few of our company are asked to go to Russia and I am sure that when asked no one of them will renege. But I want to tell you that the railroad men over here are doing great work and unless the Russian government can show a very good reason why it wants our men, you can bet your last franc that France will not let any of them go. I am sure all working hard doing our bit cheerfully. Sometimes we are shy on sleep, going without it for 24 hours. Last night my relief on guard did not get through until 3 this morning, while all night long it rained torrents and the wind blew a hurricane. I have to visit each post every hour and all in darkness. If you don't watch your step you are liable to slip into a shell hole, though our men are fast filling up the larger shell holes. And you have to be ever on the alert as all kinds of machines

shoot by, big trucks, Red Cross, and every kind of an auto imaginable. I have been told that there are some 300 autos all in the service running to the front from their starting point, a distance of 100 miles, and they are on the go all the time, on the road that passes our camp. The English have two of the best big trucks made. Their makes are the Tommys, and the Leylands. Even our American army trucks are the greatest make. Of course all our heavy trucks are the Pierce-Arrows, that is, in our regiment all these machines in going by here at night are without light, so you can think of our difficulties, and then think of the poor fellows who have been in the trenches for the past three years. The American machines that I see the most of are the Fords, Buicks, Pierce-Arrows, Packards, Overlands, Cadillacs, Mitchells, Kings, Hudsons and Oldsmobiles. Yes, the Saxon is also here. There may be others, but those are all that I have observed.

We have a young man with us named Gabriel Burck of Holbrook, who lives in the house with our own "Danny" Murphy of the Aere district. He was in the legislature with Representative Murphy in 1911-1912. He is doing clerical work and is very popular and wishes to be remembered to Representative Murphy. I will give you a list of the Lowell men who are in our company and who wish to be remembered to their friends. Their names are: Sergt. Alden Barrie, traveling engineer; Corp. Billy McElroy; Corp. John J. Donovan; Privates A. Gaslin, Jos. Landers, A. Hutchins, J. Clancy, Calliste Laford, Sergt. Robert Holmes, C. J. Moran, Harold Chase, Silver Nadeau, Edward Chasse (some doubt about the spelling of this name), John Kennedy, A. Messier, J. E. Turlett, M. J. Foley, John D. Carney, J. W. Morin, J. R. Kennally, Ernest Donville, John Stocks, Hector Jackson and Tommy Baxter. Our top-scrabble, Dick Skane, comes from East Billerica and wishes to be included and remembered. Of course Capt. Frank C. Pelletier wants to be remembered as he has a host of friends in Lowell. The Houtenauers, Frank Bourke from the White Mountain division, and Charles Ferguson, who was in the office of the president of the Boston & Maine. The two last named are both college-bred men and are first class men as drill masters and on the manual of arms. Then there's Lieut. Alonzo Hoyle who comes from Lowell, Vt. and has been a master sergeant in Capt. Pelletier's. Like the captain, he is a first class railroad man and is well thought of by all the company. It's hard luck that we can't be with you for the city election, but if it took place here in France, it would be O'Donnell without doubt.

So far this month it has rained some in every 24 hours and it has rained hard and continuously about every day this week. But no matter, we have to be on the job at all times, and it's cold rain at that. Many a night we go into our tents or huts drenched. Myself before last one of our tents went down with the wind so you see it is a case of "de whi she blow like hurricane" over in France, as well as on de Lake St. Pierre, and all is not sunshine, any way you take it.

But we are all in good trim and ready for anything that turns up, either in the line of hard work or in the trenches, if necessary. Our doctors in our regiment have done good work, due to their previous treatment of us both in America and on the boat, and by their directness of the food here, and there is practically no sickness among the men. The head doctor is Major Clark, ten years in the army. Then comes our company doctor, Capt. Garah, and formerly a practicing physician of prominence in Boston. Both of them are well over six feet tall and weigh over 200. They look like trained athletes. There are two other doctors, but I have forgotten their names.

Bob Holmes, the Centralville boy, is proving by his good work over here that the government made no mistake in making him a master-engineer. He

## KNIGHTS OF COLUMBUS HELPING SOLDIERS

The Knights of Columbus committee in charge of arrangements for the concert sacred concert which is to be given in Associate hall next Sunday evening under the auspices of the local council for the benefit of the war work which the council is undertaking, held a meeting in the K. of C. rooms last evening and several encouraging reports were heard.

### Best Home Treatment for All Hairy Growths

(The Modern Beauty)

Every woman should have a small package of delatone handy, for its timely use will keep the skin free from beauty-marring hairy growths. To remove hair or fuzz, make a thick paste with some of the powdered delatone and water. Apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. To avoid disappointment, be sure you get real delatone.

entertained its services, and an orchestra of 30 pieces will provide music for the evening. A quartet from the boys in uniform at Camp Devens will show Lowell people that they can make the high notes as well as high trenches and the cream of local talent will be on hand to do their bit for the cause. Every agency is at work to obtain the best in the concert line and those who expect to attend may be sure that the program will be a highly diversified one.

The Knights of Columbus Knitting guild is progressing splendidly, with its admirable work, and already clothing is on its way to Lowell boys in France as a result of the council activities. Yesterday, Miss Marietta G. Gormley, head of the K. of C. Knitting guild in St. Peter's parish, brought in 19 completed sweaters as a result of the work in that section of the city and these will be sent across the water immediately. The council is endeavoring to help Lowell boys, irrespective of whether they are members of the K. of C. or not, and it is hoped that the public will co-operate in this undertaking.

There will be something doing at the Knights of Columbus tonight when the card party arranged by Lecturer John J. Flaherty is in progress. All of the "45" players and those who enjoy pinocle are expected to be present to contest for honors.

## BUTLER SHOT AT SLATER HOME DIED TODAY

BOSTON, Nov. 15.—Emile Kanad, a butler at the home of Mrs. Horatio N. Slater, who was shot Saturday night by Nathan Schwartz, a 16-year-old boy, who had attempted to see Mrs. Slater, died today.

Schwartz, also known as Harry Bass, was arrested soon after the shooting and arraigned on a charge of assault with intent to kill, but later when his age was established, the case was turned over to the juvenile court. A charge of murder will be preferred against him. When arrested the boy claimed New York as his home, but the police learned later that his parents lived in this city.

## SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a few cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, straggly or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Musician J. A. Christian of the Second Cavalry band at Fort Ethan Allen, Vt., a Lowell boy, has written a very interesting letter to Mayor O'Donnell, thanking him for favors and extending him the best regards of the Lowell boys. The mayor also received a letter from Lieut. Gerald Bean, another Lowell boy, who recently left Camp Devens, Ayer, for Atlanta, Ga., with 500 soldiers.

The employees of the James Co. in Merrimack street enjoyed a delightful dinner at Page's restaurant last night, the occasion marking the first anniversary of the company's establishment in this city. An excellent menu was served, which included a musical and literary program was carried out. Speeches were also in order, the principal one being made by Leonard Diamond, chairman of the children's department, who will assume full management of the store next Monday.

An alarm from Box 13 at 7:21 o'clock last night summoned a portion of the fire department to the corner of Dutton and Market streets, but the run proved to be a needless one, for there was no fire. A person who saw smoke emitting from an engine thought there was a fire in progress and asked a storekeeper to alarm the alarm. At 8:27 o'clock this morning the members of Engine 4 were called to the Yale Chambers at 115 Nesmith street to extinguish a chimney fire. There was no damage.

## THE STOCK MARKET

NEW YORK, Nov. 15.—Liberty bonds were again freely offered at declining prices on the stock exchange today. During the morning session the four broke from 99.70, yesterday's dual quotation, to 99.74. The three and one-half broke from 99.70 to 99.74, a new low record. The latter quotation represents a discount of slightly more than 1-2 per cent. from par or the subscription price.

Leaders were under renewed pressure at the opening of today's stock market, over night developments provoking further moderate fluctuations. Union Pacific, Utah Copper and Republic Iron yielded an average of a point, offset, however, by gains of 1 to 1-2 for Reading, Canadian Pacific, Southern Railway of America, and Pullman. Locomotive, an early fractional loss in United States Steel was soon retrieved. Liberty bonds were heavy, the 3-1-2 making a new low of 98.82, against yesterday's minimum of 98.82.

The market rallied during the dull first hour on the firmer tendencies displayed by Canadian Pacific, steel and Southern Ry. The reaction, however, when metals began to weaken, Utah Copper losing 3 points. Before noon the early strength was lost. Sentiment was again adversely influenced by the weakness of Liberty bonds, the 4-5 dropping from 99.50 to 99.21, the 3-1-2 making a new minimum on their decline from 98.90 to 98.41.

Shipments bounded forward at extreme gains of 2 to 6 points in the last hour, stimulating the rest of the market. The closing session Liberty bonds also rallied. The 4's sold at 99.60 to 99.24, recovering to 99.50 and the 3-1-2's rose from their new minimum of 98.44 to 99.

## CITY TEAMSTERS WANT MORE MONEY

The teamsters employed in the street department have asked for an increase of 25 cents a day, but Commissioner Morse, who is in charge of the department has informed them that he cannot acquiesce to their demand for his appropriation is too low. This is the fourth time this year that the teamsters have asked for an increase in wages, according to Mr. Morse, but each time the demand was thrown down.

Mr. Morse said there are 37 teamsters employed in the department, 25 on double-hitch carts and 14 on single hitch teams. They are now receiving \$2.75 a day and they want \$3 a day. "I know that in other cities teamsters are paid \$3 a day, but what can I do. I haven't the money and that's all," said Mr. Morse.

While talking about the wage question Mr. Morse made reference to the Appleton street job and said if the Bay State Street Railway Co. gets out of his way he will complete the paving of the street this year. He said there remain about 700 feet to be paved, but the Bay State is preventing any progress. He has ten laborers on the job, who are being closely followed by pavers, while the Bay State has 12 men at work. Mr. Morse also informed the writer

that he has told a new sidewalk on the Central bridge and is now working on the other sidewalk. He will not paint the bridge this year.

### Lowell's Vote

The number of men eligible to vote at the coming city primaries in this city is 16,283, while that of women is 6,610. Last year at the city election there were 16,547 names of men on the check list, while the number of women voters was 6,651.

The number of eligible male voters by wards is as follows: Ward 1, 1724; ward 2, 1204; ward 3, 2316; ward 4, 1363; ward 5, 1176; ward 6, 1974; ward 7, 2005; ward 8, 2323; ward 9, 2204. The women's list by wards is as follows: Ward 1, 742; ward 2, 253; ward 3, 564; ward 4, 505; ward 5, 430; ward 6, 482; ward 7, 933; ward 8, 1059; ward 9, 1052.

### Street Car Service

A number of residents of Varnum avenue are dissatisfied with the fine schedule of electric cars in Varnum avenue and last evening several of them called on Mayor O'Donnell and asked him to use his influence in bringing about better conditions. This morning his Honor got in communication with officials of the railway company with the result that the company will at once place a double-track car on the line and will readjust the time schedule within a couple of weeks.

### Mayor O'Donnell's Tribute

When informed of the death of Harry W. J. Howe, Mayor O'Donnell said: "I deeply regret the death of Mr.

Howe whom I have known intimately for a number of years. It was my privilege to appoint him a member of the waterways commission in 1916, and I am confident that the public will agree that the appointment was a splendid one. Although receiving no compensation for his services, Mr. Howe took up the duties of that position and worked untiringly day and night upon their development with the result that there are now but a very few, if any unprotected waterways in Lowell. He not only took care of that part of the work for which the city of Lowell was responsible, but he prevailed upon the corporations to see their duty in the matter and to cooperate with the city. He was always ready and willing to perform the most unpleasant duties in connection with his position and he did all of his work thoroughly. Personally, he was a most companionable man and made friends wherever he went. I sympathize deeply with his mother, to whom he was devoted."

### IMPRESSIVE SERVICE IN HONOR OF FAMOUS FRENCH AVIATOR KILLED

HEADQUARTERS OF THE LAFAYETTE ESCADRILLE, Nov. 13, via Paris, Nov. 14.—This afternoon, "somewhere on the western front" an impressive service was held in honor of Capt. George Guynemer, the famous French aviator, recently killed in combat. In a hollow square on the flying field were drawn up the personnel of the four fighting squadrons quartered at this place. Who listened to an inspiring address by the commandant of all the French aeronautical forces.

After the service there was a distribution of the honors recently won by French and American pilots. The Americans decorated were Lieut. Raoul Lufbery, now seventh on the list of French aces, and Sergts. Robert Rockwell, Robert Soubliran and David McKay Peterson.

During the past fortnight the Lafayette escadrille made many patrols in all sorts of weather, fighting numerous combats with German planes. This afternoon Lieut. William Thaw and Sergt. Peterson while out on patrol at high altitudes had a lively battle with three Albatross monoplane which attacked them from

above, driving them down into the clouds.

Charles H. Dolan of Dorchester, Mass., has been promoted to the rank of sergeant.

George Willett of Saco, Me., has a cigar made 40 years ago by Cyrus King, who was a cigarmaker at Kozar Falls. The cigar contains twice as much tobacco as is used in a cigar today.

There are probably more natural bridges in America than in any other country. Rainbow, the largest in existence, is 303 feet high. Its span six times as great as that of the natural bridge of Virginia. Utah has the natural bridges that are higher and greater span than any other natural bridge in the world.

## Get Your "Royal" Before Dec. 1, '17 and Save \$5.00

The manufacturers of the Royal Electric Cleaner on account of the greatly increased cost of material and labor, and because they have decided to adhere to the same high standards which have distinguished the Royal in the past, have been obliged to advance the price of their machine on Dec. 1, 1917.

If you do not already own a Royal, you should take advantage of this opportunity and purchase before the advance in price. The initial cost of the Royal may be slightly more than some other less efficient, cheaply constructed machines, but the extra service and durability of the Royal makes it easily worth more than you pay for it.

Let us give you a free demonstration of the Royal in your own home and explain our easy payment plan. You pay a small sum down and the balance in easy monthly instalments.

Hoosier Beauty is deservedly the most famous and most complete cabinet in the world. It contains every labor-saving convenience known to Domestic Science Experts.

Years have been spent in perfecting this cabinet and finding the most convenient places for everything used during the preparation of a meal.

Test after test has been made to insure the proper and most convenient arrangement.

It is the most complete cabinet sold anywhere in the country. With this cabinet you can save many steps each day. Everything is grouped in one compact spot around your work table.

You can prepare a whole meal with scarcely a step from your cabinet. Think how much this means to you in a week's time.

See this cabinet—sit in front of it and see how everything is arranged at your fingers' ends.

Decide for yourself if the Hoosier, that now saves miles of steps for over a million women will not save steps for you too.

And remember a genuine Hoosier contains many valuable patented conveniences that cannot be had at any price in other cabinets.

Hoosier Beauty 1753 finished inside and out in beautiful white enamel is 1753, and the price is the same as cabinet 1754. It is also supplied in two other styles—1752 with hinge doors, oak finish, and 1754 with hinge doors, white enameled inside and out.
